Dr. John Brougher,
410 Medical Arts Building,
Vancouver, Washington.

Dear Doctor Brougher:

The Division of Maternal and Child Welfare is again becoming active under the stimulus of Dr. Byers in Seattle. At a recent meeting of the Committee of Eight it was found that vacancies are existing and Dr. Byers expressed a desire that you serve on this committee in order to have expert representation in various parts of the state.

I find that as president of the Washington State Obstetric Association it devolves upon me to make these appointments.

This committee meets once or twice a year and acts solely as advisory to the Department of Maternal and Child Welfare.

If you can accept this task as a representative from our group will you please communicate with Dr. Byers and if not, let me know so that I may seek elsewhere.

Sincerely yours,

Jean

Dear Mr. Thompson,
I just wanted to pour at this
joyous season to send greetings to you
and Mrs. Thompson.
Christmas will be the happiest even
for me this year since we have another
little pair of bright eyes to enjoy our special
ing tree! We are supremely happy with the
think little daughter that has given. She
is so lovely.

There is happiness too, because I be-
lieve that we have grown spiritually, and
that has given a new faith; which has

come through obedience.

It isn't that I am just 'tran-
qualized'! ^{Ha} Really - I haven't had to
take many of my little pills; but it
goes deeper than that, Dr. Brougher. I
have thought so much recently of the verse
that you quoted to me while in the hospital
with Tina Ruth. "Godliness with contentment
is great gain!" after grasping this spirit-
ual truth, I have been able to help other
^{families} see it too.

The other day, Angela, our 12 year old
said, "Mother, 'How old is Dr. Brougher? -
' I surely hope he is still in the business
when I get married & have my babies!"

Kenneth has a job on the Newspaper as an apprentice printer which will develop into something permanent. This is truly an answer to Prayer for which I am very thankful. It seems that there are so many families this year that are less fortunate.

Mr. Long has been working quite regular in the woods. I am embarrassed that the Longs haven't been able to meet their financial responsibility to you.

We would like to have you and Mrs. Brougher to stop for coffee sometime on your way to or from the coast.

430 E. Main is the address - We are located on the old highway to the "20 Miracle Miles." We think the Ocean is beautiful any time of the year.

Aberdeen isn't a 'home-town' that I would have hand-picked, so to speak; but God lead in our move here two years ago. It has been His Will for us to stay and that makes things different! It is a joy to serve the Lord in this place as layman. Home Mission Service is really a challenge!

May the Lord continue to Bless You and Yours - and May He give you an extra portion of strength for each day as you give of yourself - constantly - in service to others.

With Respect ^{and} Friendship,
Mrs. Kenneth Batchelder
