9. The report of the statistical secretary was read as follows:

### REPORT OF STATISTICAL SECRETARY.

To Oregon Yearly Meeting of Friends:

I submit herewith the statistical report for the year ending April first.

It is in the form I adopted several years ago. The usual information concerning ministers and correspondents, and a list of the deceased, and some information concerning correspondence with non-resident members is given.

By referring to statistical table No. 1 the following interesting facts will be noted: Eliminating the changes in membership because of error in last year's reports, and the changes by certificate, which leaves the net results of the efforts of the local church, we find there are the following net increases: Scotts Mills, 6; South Salem, 9; Marion, 3; Chehalem Center, 6; Valley Mound, 3; Greenleaf, 3; First Friends, 12; Quilcene, 7; West Piedmont, 12; a total of 61. There are the following losses: Salem, 2; Newberg, 12; Rex, 3; Sherwood, 6; Springbrook, 5; Star, 3; Boise, 10; Woodland, 1; Second Friends, 4; a total of 46; with a net gain of 15 for the Yearly Meeting. Rosedale neither gained nor lost. Applying the same method of computation to the reports of 1916, 1917 and 1918 we have net gains of 162, 138 and 97 respectively.

The net gain of 37 for this year is made up as follows: Net gain as given above, 15; excess of certificates received from other Yearly Meetings over certificates issued to other Yearly Meetings, 30; total, 45; less loss of 8 by error, leaving the net increase 37.

All meetings have had pastoral care except Woodland.

Rosedale reports that they have in operation a form of community membership, which is working in a very satisfactory manner.

I think most of the Monthly Meetings sent the letters to non-resident members. Definite answers were received as noted: Newberg sent 150, and received 7 replies, and \$125.16 for general fund and \$6.00 for missions; First Friends sent 12; Springbrook sent 10, and received 9 replies, and \$18.50 for general fund, and \$10.00 for missions; Star received one reply.

Respectfully Submitted,

Aaron M. Bray Statistical Secretary.

The report was accepted, and the tables and other information which accompanied it will appear in the appendix to the minutes.

10. A letter from the central office of Friends in London was read.

11. A communication from the Publication Board of the Five Years Meeting of Friends in America, relative to an appropriation for the American Friend, was referred to the Finance Committee.

12. The representatives were instructed to propose to the next session of this meeting names of persons to serve as Presiding Clerk, Recording Clerk, Reading Clerk and Announcing Clerk;

Determine a ratio for raising funds and distributing documents;

Propose funds to be raised for the Church work, and nominate a Friend to serve as Treasurer for the ensuing year;

Propose the name of one person in each Quarterly Meeting to receive and distribute minutes and documents;

Propose names for Nominating, Auditing and Printing Committees.

13. The meeting adjourned to 2:00 P. M.

#### Fifth Day—2:00 P. M.

14. The meeting convened at 2:00 P. M. Catherine H. Osborne gave a brief message encouraging us to stand true to the teachings of the Bible. J. Tregelles Fox, of London Yearly Meeting, also spoke for a few minutes, admonishing us to avoid the idolatry of money.

15. The representatives presented the following report, which the meeting adopted, and the persons named were appointed.

16. Stella Crozer, superintendent of the department of Systematic and Proportionate Giving, presented the following report:

#### REPORT OF SYSTEMATIC AND PROPORTIONATE GIVING.

Probably the most noticeable happening under this department during the past year has been the increased stimulus in pastoral support. From the twenty points reporting, one had no pastor at the beginning of the year and another had none at the close, namely Middleton and Woodland, and the salary paid is reported the same in both, so that they balance one another.

A total of the salaries being paid at the commencement of the year or on April 1st, 1918, shows an average at that time of \$41.00 per month. It will be remembered that the average salary reported at last Yearly Meeting was less than this; this figure being computed at the salary rate which was in effect April 1, 1918. In the same manner, the salary schedule in force March 31, 1919, averages \$58.00 per month, or an increase of over \$4,000 a year in this one item of pastoral support alone.

As practically all points report an active superintendent in this department, and as the Storehouse League movement is reported upon enthusiastically wherever given a good trial, and as a large proportion of our meetings have such an organization, we are led to the conclusion that this increase in pastoral support can be put to the credit of this department—not necessarily, however, the work done by this department during the past year alone.

In many points the increase of giving for other causes than that of pastoral support is even more noticeable. Portland First Church freely state that the raising of the final \$12,000.00 this year of the cost of building their \$17,000.00 new church could not have been accomplished without the stimulus given by the Storehouse League conducted under this department. South Salem would undoubtedly protest vigorously, however, if Portland claimed to have received more blessing from this kind of work than they did. The revolution in their financial affairs which their acceptance of the "Bible Plan of Financing" has brought occasions them an immense amount of satisfaction, those paying most heavily for the privilege being the loudest rejoicers.

As might be expected the greatest increases have been in the smaller

meetings, where help was most needed. The following percentages will show the increase in pastoral support during the year: Scotts Mills heads the list with a clear 100 per cent increase; Marion and Chehalem Center tie for second place with an increase of 66 per cent; Second Friends, 53 per cent; South Salem, Sherwood and Springbrook report a 50 per cent increase each; Rex and Valley Mound increase 33 per cent; Highland and Greenleaf, 25 per cent; First Church, Boise and West Piedmont, 20 per cent, while the lowest increase reported is 9 per cent. Three monthly meetings failed to increase their pastoral support. These figures are slightly misleading to this extent that some meetings have added parsonage equipment, while other points expect the pastor to pay rent out of the salary.

Middleton has just organized a Storehouse League.

A great many points report many benefits both spiritual and financial from following systematic tithing. One thousand pamphlets have been distributed during the year at all points, besides some additional literature. Increased missionary giving is reported from many points, and many special tasks have been undertaken and accomplished which without systematic work could not have been done.

Stella Crozer, Superintendent.

17. Fred E. Carter, pastor of Newberg meeting, gave an address on Systematic and Proportionate Giving.

18. The report of the Superintendent of Literature was read as follows:

#### LITERATURE REPORT

Number of tracts distributed, 3,837.  
 Number pages of other literature distributed, 6,852.  
 Number papers distributed, 2,556.  
 Number of libraries, 12.  
 Number books in the same, 846.  
 Books added during the year, 5.  
 Number books loaned, 41.  
 Number Friends papers taken, 477.  
 Number other religious papers taken, 200.  
 Number Bibles or portions of Scripture given, 104.  
 Number of meetings or conferences in the interest of literature held, 1.  
 Character of home libraries, good, mostly moral and religious.  
 Chehalem Center sent \$5.00 for Testaments for soldiers. Rex reports more Friends books in their library than other religious books.

Two meetings of Salem Quarterly Meeting have placed tracts in pockets on the church wall for free distribution.

Boise Valley reports over \$25.00 raised for silent preachers and tracts which have been placed in the church and other public places. Several letters were written in the interest of the work.

Portland held a public meeting in the interest of literature which was addressed by Mrs. Gurney Lee, of Salem.

34. Phoebe Hammer and Mary Pressnall were appointed as additional members of the Epistles Committee.

35. The following report of the Field Secretary of the Evangelistic and Church Extension Board was read:

#### FIELD SECRETARY'S REPORT

(For year ending June 13, 1919.)

Although the original vision actuating the employment of a Field Secretary last Yearly Meeting was the pushing of Church Extension activities, but little of this kind of work has been done.

This not so much because Oregon is not ready for extension as that we still need the services of a Superintendent of work already under way. Thus it has come about that superintendence problems have engrossed the major portion of the time, strength and attention of your Field Secretary.

There have been nineteen field surveys: three of Middleton, Rex and Lents; two of Sherwood and Chehalem Center; one each of Marion, Greenleaf, Centre Point, Boise, Gilbert and Oretown. All but three of these were in regular meetings. A part of the work was the installation of pastors at Marion, Sherwood Circuit, Oretown, Middleton and Sherwood. There have been changes also at Rex, Chehalem Center and Mayberg.

THE problem of the year as regards our regular meetings has been pastoral support, and a large part of our work has been educational along the line of tithing. It was certain that the work could not long continue to prosper even as in the past without financial support at least keeping pace with the increased cost of living. We believed that God has abundant resources which He had a right to use in His work and our messages on the Storehouse League have endeavored to release this money for God. The blessing of the Lord has been markedly present upon this message, although it has not always been received upon the first presentation. Four meetings had adopted it prior to our visit, and out of twenty points there are six which have not yet put it into practice.

The statistical reports received from the Quarterly Meeting Superintendents show these results in concrete form for the year ending March 31, 1919. The sum total paid the pastors by the meetings—not including the almost insignificant help which the Board has been able to give in a few cases—amounts to \$12,005.45, an average monthly salary of \$53.00. The Systematic and Proportionate Giving Report showed an average salary as based on the salary received at the date of April 1 of \$58.00 which shows that the improvement is still continuing. In fact, the average salary computed on the figures of June 1st would show another slight increase. In this respect, then, there is nothing further to do than to keep at our task. There is still a crying need at some points, and the Yearly Meeting ought to face the stern reality that it is only because of the deep consecration of our pastors and because they are of such mettle

as is seldom placed at the disposal of others that our work is being maintained. The spirit of heroic self-sacrifice is still with us. In one place we have a young man and wife, gifted, trained and spirit-filled, holding down their job on \$300 a year with no thought of quitting while their colleague in another denomination confided that he was having to leave his post because he only received \$1,000 and couldn't make ends meet. We are holding our own against such odds, but surely it is at such a price of flesh and blood as the Yearly Meeting can ill afford to pay. Thank God for a rift in the clouds and a better day coming.

During the year there have been thirteen revival meetings reported in ten of the points, and at least two have been held since the close of the report. These thirteen services cost the meetings the total sum of \$1,095.93, or an average of about \$90 a meeting. There were 252 seekers, an average of about twenty to the meeting.

The reports of our frontier preachers and a survey of Church Extension work to date will prove of interest.

At the Vancouver Mission Philande Arnold is doing excellent work. This has two phases, the mission work in the evenings, and the Sunday School and Sunday morning meeting which are an excellent foundation for church work. We see no reason why this cannot be accomplished any time other resident Friends in Vancouver, Washington, catch the vision. Mr. Arnold reports approximately 250 people as seekers during the year. They give their entire Sunday School offerings to Missions, reporting a total of \$884 during the year. The unity of the work is the best of any in which Mr. Arnold has engaged.

Ethel Arnold reports active service almost day and night with the exception of two months. Evangelistic meetings have been held at Eugene, Oregon, and Mountain Home, Idaho. Missionary and prayer conventions at Eugene, Newberg, Salem, Portland, in Oregon; Ferndale, Everett, Seattle, Kalama and Vancouver, Washinton, and Los Angeles, California. She reports about 75 or 80 seekers during this work.

Myra B. Smith's work at the Portland Commons Mission in Portland has also been an inspiration. She reports 376 street and 376 hall meetings during the year, the number being less than usual on account of the influenza. The total attendance at her meetings runs well over 12,000, and the number of seekers to about 250. She did not keep track of other service apart from her regular mission work, but has had several such opportunities during the year.

At Oretown, after years of waiting, we have at last sent in a pastor. Paul Lewis entered that field just before the ban closed up the work temporarily, and he and his wife, Erma, took up the work in earnest as soon as the ban was lifted. At Harry Hays' meeting recently a number were reclaimed or converted and several have since pressed on to sanctification. A number have their membership with Friends now and more are likely to join soon. We have no doubt that when the time is fully ripe the church will press forward into fuller fellowship with us. They are showing their appreciation of their pastors in a comprehensive way

by the buiding of a fine new \$1,000 parsonage.

Cloverdale School House, near Turner, Oregon, asked for a meeting just following last Yearly Meeting, and although the results were somewhat disappointing, there may yet prove to be an opening for us. Chester Hadley has been following the work during the year.

At the south end of Oswego Lake is a new Sunday School at Lake Grove, Oregon. We have visited this work by invitation several times and believe that there is an excellent opening. They are in real need of help and respond very readily; are warm hearted and kindly and undoubtedly have means enough to adequately finance the work. It has not been possible to bring this matter to a focus in time for Yearly Meeting, but we trust it will prove to be an open door for us.

The work a Minnehaha, near Vancouver, although temporarily closed to us, is likely to re-open if we keep in touch with it. It is a very needy field with good prospects but the local people feel they can handle it and there is nothing to do but to leave it to them until we are sent for again.

At Beaver, Cloverdale City, Woods and Yamhill we have done considerable preliminary work, but are convinced that at the present time the door is not open for us.

At both West Chehalem and Scappoose we have Quaker pastors in community churches. The result as far as we are denominationally concerned is not very encouraging, but we are conscious that our men are doing good work there.

At Halls Ferry, near Salem, I. Gurney Lee and wife, with their young people, have been engaged for some time in Sunday afternoon preaching services in a little country school house. There is a call for a tent meeting there this summer, which may result in the conversion of many.

In the Jordan Valley District, Oregon, close to the Idaho line, we have been invited by some Idaho Friends to consider the feasibility of establishing a work there. Several Friends have moved in, the owners of the project are friendly and this point should be followed up and investigated.

At Mayberg, near Ontario, Oregon, the Idaho Friends have maintained a work for some time. This has recently received an uplift through the sending in of the McAninchs as pastors.

At Centre Point, Idaho, we have had a pastor for some time, Floyd Williams, who with his wife, is visiting Yearly Meeting for the first time. There is little doubt that if this work is rightly handled it will develop into a new Monthly Meeting.

A summary of the Church Extension outlook would seem to warrant the prediction that there is a practically unlimited field if we will but go into the question adequately, although it will be necessary in many places to go in with a purely altruistic aim—to meet the needs of the local community in the best way for them regardless of denominational aims and wishes. The world appreciates a bigger church extension aim than the average church presents and with the friendly reception uni-

versally accorded to us we have both a duty and an opportunity to the needy fields that can hardly be measured. Evangelistic meetings where needed will undoubtedly do much to win converts who are really hungry for the truth once delivered to the saints.

Our belief in the ripeness of Oregon Yearly Meeting lies in a concern that has been growing upon us for years that God would not be calling our young people in such large numbers without their being a correspondingly wide field to use them for Him. It is our duty as a denomination and as a Yearly Meeting to adequately use the material God has given us.

A report of this character would not be complete without a tribute to the magnificent spirit shown by our entire ministerial body. Our pastors without exception are earnest, devoted, sanctified, consecrated men and women, among whom it is a pleasure to work, and it is the rule and not the exception to have conversions and sanctifications at the regular preaching services.

A statistical summary of the Field Secretary's work is as follows: Two revival services held—Cloverdale School House and Marion; sermons preached, 105; other messages given, 48; individual letters written, 300; circular letters, over 1,000; miles travelled, about 10,000; field surveys, 19.

Respectfully submitted,

J. Sanger Fox, Field Secretary.

36. The following report of the Chairman of the Evangelistic and Church Extension Board was read:

**REPORT OF THE CHAIRMAN OF EVANGELISTIC AND CHURCH EXTENSION BOARD**

The report of the Field Secretary has covered the field work of the Board for the past year. The report of the Chairman will deal chiefly with the actual workings of the Board itself in their regular monthly and quarterly sessions.

In surveying the work of the past year it is with pleasure that we record the many blessed opportunities of fellowship and conference together as a Board during our regular and special sessions. The Board has had to meet some critical situations, but when the need was greatest His Grace was sufficient and Divine Wisdom was given.

It is with unusual gratitude that we report that the differences existing between Oregon and Indiana Yearly Meetings over the work in the Washington field have been adjusted. The special committee appointed by Oregon Yearly Meeting one year ago will report the details in full, but as a committee we want to go on record as being unitedly pledged to abide loyally by the decision reached in the joint conference recently held in Portland. The committee wishes to voice its hearty appreciation of the fine spirit of co-operation and fellowship shown by David M. Edwards and Aaron Napier.

A word of appreciation is due J. Sanger Fox, our Field Secretary, for the splendid work he has done during the past year. The office of the Field Secretary in this Yearly Meeting is a new one; the Board and the

Field Secretary were alike handicapped by the necessity of having to undertake this new work without the advantage of precedent or experience in this field. While appreciating the work of J. Sanger Fox it seems clear to the Board and also to the Field Secretary that this year's work has been only a foundation upon which a more experienced builder would have to build a definite constructive program, and the Board unites in the belief that we need a man who, out of the richness of his experience, will be able to advise with the members of the Board, and counsel in a fatherly way the young preachers. This seems all the more necessary because of the comparative youthfulness of the most of the pastors of this Yearly Meeting.

With this need in mind the Board wrote to L. Clarkson Hinshaw who is pastor of the Friends Meeting at Haviland, Kansas, and who previous to that position was for nine consecutive years Evangelistic Superintendent of Kansas Yearly Meeting. After considerable correspondence and prayerful consideration on the part of our Board, there has grown upon us a conviction that he is the man under God to fill this need. In reply to our communication, in which there was no mention of a financial consideration, Mr. Hinshaw stated that after much prayer he was persuaded that God was calling him to service in Oregon Yearly Meeting, and was willing to accept a position with the Board. A letter from our Board submitted a tentative proposition to him and his reply signifying his willingness to accept the suggested terms now permits us to place his name before this Yearly Meeting for your ratification.

L. Clarkson Hinshaw is a man of wide experience, deep consecration, a man who, we believe, will be able to advise the Board and counsel our pastors. His activity on behalf of the drafted boys and his intense interest in the Reconstruction work were gratefully recognized by the Five Years Meeting. His family consists of a wife and one son; the latter will enter Pacific College next year should they come to this Yearly Meeting.

We believe God is calling upon Oregon Yearly Meeting to look into the future with clearer vision than ever before. The experience of the past year has made it clear to the Board that nothing less than a five years' program can adequately meet the situation. The success, therefore, of the first year or two of such a program can be judged only in the light of future events. If Oregon Yearly Meeting is in any degree to measure up to the responsibility which God has placed upon us in this territory which is "ripe unto the harvest," our "stakes must be strengthened and our cords lengthened" and our standards raised year by year, that we may be able at the end of the five years' period to listen to a vastly more encouraging statistical report than we have this year.

Without a dissenting voice the Board therefore recommends to Oregon Yearly Meeting that L. Clarkson Hinshaw be called to act as Superintendent of the Evangelistic and Church Extension Department of Oregon Yearly Meeting at a salary of \$100 per month and expenses, his work to begin Ninth month first.

We further recommend that the Yearly Meeting finance the work

of the Board for the coming year by an appropriation of \$2,500 rather than by the usual appropriation of \$500 supplemented by the voluntary pledges secured at Yearly Meeting time.

We trust that the Yearly Meeting will accept these recommendations and support this program, judging the work of the Board and Superintendent only when time shall have made it possible for results to appear. "Rome was not built in a day."

Respectfully submitted on behalf of the Evangelistic and Church Extension Board of Oregon Yearly Meeting.

Fred E. Carter, Chairman.

#### REPORT OF PEACE DEPARTMENT

Conditions during the period of international strife and since the signing of the armistice have called for the dissemination of our principles by service, sacrifice and suffering rather than by words, and have given

us a large opportunity to "prove our faith by our works." Therefore the report of the Peace Department will be largely through the Service Committee. However, the following is compiled from returns from three

quarterly meetings, Salem, Portland and Newberg:

Peace addresses, 2.

Copies of Messenger of Peace taken, 32.

Peace periodicals, 3.

Pages Peace Literature distributed, 3,350.

Peace leaflets, (largely against compulsory military service) 350.

Protests have been sent our representatives in Washington against compulsory military service, and pleas made through the press for peace in home, in community, in church, as well as in the broader relations of life.

Louisa P. Round, Superintendent.

#### FIFTIETH ANNUAL REPORT OF THE PEACE ASSOCIATION OF FRIENDS IN AMERICA.

(For the year ending March 31, 1919.)

To Oregon Yearly Meeting of Friends—

The year ending March 31, 1919, including as it did the closing months of the great War, the signing of the armistice, and the beginning of national and international readjustments as the basis for an enduring peace, has brought the Peace Board of the Five Years Meeting in common with all other agencies of the church face to face with an unusually wide range of questions of far-reaching importance.

The course of events in the three well marked periods of the year need merely to be suggested to indicate the varied nature of the questions which confronted us. There was, first, the time from the first of April, 1918, until the autumn months marked by an increasing national determination to win a military victory; an increasing disposition to judge men and measures solely of chiefly by one test, namely, their immediate influence on a speedy victory for the allied armies; and the consequent increasing tendency either to disregard or to lose sight of some of the most fundamental and essential principles of Christian brotherhood. A second period, dating from the time when hostilities actually ceased and extending for a somewhat indefinite short time, when there was a tendency to relax efforts in every field of endeavor. And finally the few succeeding months when the immensity of the task of reconstructing a world really began to appear, staggering in its proportions, including all nations and peoples in its scope, and literally infinite in its complex relations and inter-relations.

#### Work for the Past Year.

In the field that has been assigned to it the Peace Board has attempted to meet the changing conditions through which we have passed with a message of truth adapted to the times. As heretofore the means used

have been chiefly, (1) Personal letters, (2) Circulation of literature in the form of books and pamphlets, (3) Preparation of material for a page in the "American Friend" every other week, and (4) Publication of the "Messenger of Peace." The topics treated in these various ways cover a rather wide range, but the majority may be referred to one or another of the following groups, viz: (1) The Christian principles directly involved; (2) Rights of individuals involved; (3) Undesirable plans or methods, such as the proposed Universal Compulsory Military Training laws; (4) Desirable plans and enterprises, such as the Reconstruction work of the American Friends' Service Committee.

#### As to the Future.

We believe that the problems of the future will require for their solution an increasing willingness to be guided by the principles of justice and good-will, and that the application of these principles can be successful only in proportion as the work is attempted in the spirit of Christian love and with a full and intelligent appreciation of all the facts bearing on the cases that arise.

The problems of the future will no doubt be similar in kind to those which have appeared in the past, but it seems evident that the emphasis and the degree of urgency will be so different as to make some of the questions appear practically as new difficulties. In the articles of incorporation of the Peace Association of Friends in America the following classes of problems are specifically mentioned as being included in the field to which its attention must be directed, viz: "difficulties which may arise between individuals, between labor and capital, and between nations." While realizing that attention must still be given to the perfecting of plans to aid in meeting all these classes of cases, we would especially ask the prayerful attention of all our members to the urgent necessity of a careful, sympathetic study of the industrial situation in our own and other countries. Undoubtedly the church will have abundant opportunity within the next year to give powerful aid in pointing the way to the establishment of conditions which will make more certain social and industrial peace. But if this aid is given it will mean on the part of the individual members of our local meetings, sacrifice of time, sacrifice of money, and without doubt also a willingness to take the risk of trying some new plans in social and industrial reorganization. The only hope for finding a lasting, peaceful solution of the questions at issue in this field lies in the application of intelligent Christian sympathy and love as specific cases arise requiring action.

#### The New Financial Basis.

As stated in the report last year, the Peace Board relies now upon a share of the fund contributed by the several Yearly Meetings through the Five Years Meeting for the support of the work entrusted to the various Boards. In this connection it should be noted that the attached report of the Treasurer shows that the balance of the reserve fund carried for some years past under the name of the "Endowment Fund," has been closed into the general fund. Since the money in this fund was not contributed

originally on the condition that it be kept as a separate account the Association decided that any small balance should in the future be carried as a part of the general fund, rather than under the misleading title of an Endowment Fund.

Respectfully submitted,

Allen D. Hole, President.

47. The subject of the appointment of delegates to the London Peace Conference of all Friends, to be held in London in August, 1920, was referred to the representatives for their consideration.

48. The following report of the Yearly Meeting Service Committee was read:

#### REPORT OF YEARLY MEETING SERVICE COMMITTEE

Reports from the various parts of the Yearly Meeting indicate that Friends realize that the need for war relief work has not ended with the

ending of hostilities, but that there is still great need for help among the sufferers from the war, and this will continue for a long time to come. It is gratifying to note that in response to the last call for this work this spring, a goodly number of our young people responded, and several of them have just landed in France or are on their way there.

The reports indicate that \$4,880.18 has been contributed to this work from Oregon Yearly Meeting, though one quarterly meeting says that its report does not include all that has been given. A total of 1,119 garments have been made and sent, and 142 comforters have also been sent.

Twenty-five of our young people have been doing work in France the past year. Of these, five have now returned, leaving twenty still in the work of relieving war sufferings there.

One quarterly meeting reports the distribution of a large quantity of literature regarding this work. Regular collections have been taken, and in some meetings the needs of the field have been presented once each month, at the time of the regular Sunday morning service. This quarterly meeting also reports the making of a large number of garments from old material, to save the cost of high priced new material. Garments to the number of 294 of this sort were sent, including good re-lined wraps and woolen skirts for women, trousers for boys and warm woolen dresses and wraps for girls. The comforters made by this meeting were lined with sugar sacks, of which 150 were cleaned and dyed for this purpose. The tops were pieced up from scraps, one faithful worker 90 years young having pieced eighteen comfort tops.

The report of Marguerite P. Elliott, in charge of the work of sewing for the Yearly Meeting, states that in addition to the things already mentioned, shoes were sent from Newberg and Boise Valley, and that the amount of clothing sent would have been greater had not freight and express rates become so high that it seemed best to send the money direct to the Service Committee rather than spending it for goods to make clothing. A total of \$544.81 was spent for material for the sewing work.

All the various lines of activity reported on last year have been carried on by the committee, though since the signing of the armistice and the end of the draft it has been much easier to get men liberated by the government for our service across the seas. The chairman of the committee had the privilege of going to Astoria for the purpose of doing a kindness for a German prisoner in a prison in England, in which he was successful. This privilege came through the War Victims Relief Committee of Philadelphia.

With the closing of the war, there has come a much greater opportunity for work of a strictly religious character in France, we are informed. And while there is a likelihood that the work in France will soon be ended so far as war relief is concerned, the French government planning to take this work over within a year, already the gospel as interpreted by Friends is being spread in France, especially through the efforts of a former Catholic priest, who, assisted by Friends both in England and America, is carrying on his work, particularly among and through

1,500 ex-priests who have renounced Catholicism and seem ripe for the Quaker message.

And should the work close soon in France, it does not mean that the need and opportunity for relief will be ended. Already there is opening before Friends a greater field in Russia than we have ever had in France, with the strictly religious work having a place of greater prominence. Russians seem to take more kindly than most peoples to the Friendly message, and there seems an unlimited field of service in this country for years to come, where Friends may not only serve, but where the Quaker organization can flourish.

The chief feature of our work, however, should be the one suggested by the name of the committee, Service. The American Friends Service Committee is being put on a permanent basis, that Friends may continue to have the opportunity to serve, in a large and united way, in any cases of great need in any part of the world, war, or famine, or earthquake, or plague, or any calamity that calls for immediate and extensive assistance, as well as in those philanthropies and other forms of service for the needy which, like the poor, we have always with us.

Respectfully submitted,

Yearly Meeting Service Committee.

54. The following communication from the Ministerial Association of Oregon Yearly Meeting was read and endorsed:

**Resolution No. 1**—Whereas the united voice of the pulpit and unanimity of action on the part of the church, increases their effectiveness, and whereas too much of our effort has been aimless and promiscuous, therefore be it resolved, that this association of ministers of Oregon Yearly Meeting favors the outline of a program and preacher's schedule, and recommends that the Evangelistic and Church Extension Board gather a consensus of opinion from the ministers of the Yearly Meeting and from this material outline a program.

**No. 2**—Whereas the new era into which the world is merging, demands the very strongest and wisest leadership, and whereas we have

heretofore had no uniform course of study embracing spiritual and doctrinal standards for our ministers and prospective ministers, therefore be it resolved that this association favors the adoption of such a course, the same to be outlined and administered by the following named committee: Pres. Levi T. Pennington, Aaron M. Bray, Carl F. Miller, Lurana M. Terrell, Mrs. I. G. Lee, Homer L. Cox.

55. The following report of the representatives was read, with respect to the report of the committee mentioned in Minute 105, on Page 42 of Oregon Yearly Meeting Minutes for 1918, which is appended. The report of the representatives was adopted, as follows:

#### REPORT OF THE REPRESENTATIVES

We, the representatives, recommend the approval of the report of the Oregon-Indiana committee, and that we pledge our loyal and conscientious support to the spirit of the resolution.

On behalf of the representatives—Effie R. Tamplin, Secretary.

The report of the Oregon-Indiana committee is as follows:

#### Report of Oregon-Indiana Committee.

##### Minute 1.

According to Minute 105, on Page 42, of Oregon Yearly Meeting Minutes for 1918, the Committees therein mentioned met with the Evangelistic Board of Oregon Yearly Meeting at 8:00 P. M., fifth month 5th, 1919, at the First Friends Church, Portland, Oregon.

After a short time of silence, Aaron Napier and Homer L. Cox led in prayer for God's guidance in our deliberations.

Homer L. Cox acted as temporary chairman and appointed a committee of three, namely, Fred E. Carter of Oregon, Herbert L. Huffman of Washington, and David M. Edwards of Indiana, to withdraw and bring forward names for presiding officers.

The committee presented the names of Jesse Edwards as chairman, and R. Ethol George as secretary, which met the approval of the meeting.

Aaron Napier moved that there should be a copy of the minutes sent to both Indiana and Oregon Yearly Meetings, which was seconded and carried.

A motion was made by Thos. W. Hester that the committees appointed by Indiana and Oregon Yearly Meetings should meet and prepare a resolution as a basis of proceedings for the conference the following day. Aaron Napier seconded the motion and it was carried.

The meeting then adjourned to meet at 9:00 A. M., fifth month 6th, 1919.

##### Minute 2.

The conference met according to adjournment at 9:00 A. M., fifth month 6th, 1919. The minutes of the previous meeting were read and approved.

The joint committee presented the following recommendation:

"We recommend that a definite boundary line be established between

Oregon Yearly Meeting and Puget Sound Quarterly Meeting, as follows: Beginning at the northern end of Puget Sound and following the west shore of the Sound to Tacoma; from thence running southward to the point where the boundary line between Cowlitz County and Skamania County meets the northern boundary of these two counties; from thence following the northern and eastern boundary lines of Skamania County to the northern boundary line of Klickitat County and along the northern and eastern boundary lines of Klickitat County to the Columbia River, and that all territory west and south of this line including all points through which it passes belong to Oregon Yearly Meeting. We recommend that Tacoma Monthly Meeting be transferred by the usual proceedings for such action from Indiana Yearly Meeting to Oregon Yearly Meeting."

After a thorough discussion of the subject the recommendation was returned to the committee for amendment.

The conference then adjourned to meet at 1:30 P. M.

##### Minute 3.

The afternoon session met at 1:30 P. M.

The committee presented at this time the former recommendation concerning the boundary line with the following amendment:

"We recommend that Tacoma Monthly Meeting and Entiat Monthly Meeting be transferred by the usual proceedings for such action from Indiana Yearly Meeting to Oregon Yearly Meeting.

"We also recommend that the gospel meetings be permitted to continue in Seattle just as at present without recognition from Oregon Yearly Meeting."

After many expressions of approval, and consciousness of God's leading, the secretary was instructed to record that it was the sense of the meeting that the recommendation be adopted as presented.

Appreciation of the hospitality of the First Friends Church in the entertainment of the Conference was heartily expressed.

After singing "Praise God from whom all blessings flow," and "Blest be the tie that binds our hearts in Christian love," the meeting adjourned.

Jesse Edwards, Chairman.

R. Ethol George, Secretary.

57. The following report of Greenleaf Seminary was read:

#### REPORT OF GREENLEAF SEMINARY

The Greenleaf Seminary has just completed its eleventh successful year's work. At the opening of the first semester in September, 1918, war conditions were apparently against us. About fifty students were enrolled in the Biblical Department. Some in this department were hindered from taking up the work at the beginning, and after our school was closed on the account of Spanish Influenza for several weeks, they felt they could not enter. The work of the Biblical Department was completed very creditably, and we feel that our Heavenly Father gave us a good year, although our work was somewhat limited. Four students will finish the work in this department next year and will make good workers for the Master in whatever field of service He may call them.

The Academic course was hindered as well by the closing of school, but with extra work the course was completed to the satisfaction of all. There were six graduates from the Academic Department.

Five teachers were regularly employed the past year—two in the Biblical Department, and three in the Academic Department. Some new courses will be offered in next year's work, Domestic Science, Farm engineering, and Commercial work in the Academic Department and arrangements will be made for students to take music if desired.

We acknowledge God's hand in leading the past year. While many difficulties have been in the way, yet evident victory has been ours. Truly, too, we thank our Heavenly Father that through our friends, the late Sumner and Minnie Binford, our institution has been endowed with the sum of \$4,000 to be used in erecting a dormitory. Work on this building is expected to begin soon. Feeling that God has so marvelously blessed our school during the difficult times and under trying circumstances, our faith has been strengthened and we feel more keenly than ever before the necessity of a Friends' school in Boise Valley.

Because of this it has been unanimously agreed that a campaign for Endowment must be launched for a minimum fund of \$50,000.

At the Quarterly Meeting, held at Star, Idaho, 5-24, 1919, the management of Greenleaf Seminary was taken over by the Quarterly Meeting, and a committee was named to assist the Board in administering the affairs of the institution.

Thanking God for the past, we trust His leading for the future.

#### REPORT OF PACIFIC COLLEGE VISITING COMMITTEE

We the Pacific College Visiting Committee, as the result of our visitation and investigation, find the following conditions to prevail in Pacific College:

The discipline is good; the morals of the students are well looked after; and there is a good, wholesome religious atmosphere in the

College, so that a student coming from one of Portland's High Schools remarking on this point said, "There is as much difference as between darkness and daylight."

We believe that all members of the Faculty are sound in their religious beliefs, and that the College is free from the unsound doctrines of "Destructive Criticism" which are to be found in so many Church schools of the present day. When we consider the limited financial resources of the College, we feel that we have reason to congratulate ourselves upon the strength of the Faculty, and their ability to fill their respective positions with unusual efficiency. We congratulate ourselves that we have in Levi T. Pennington a President who is the peer of any, and superior to many college presidents in ability and high Christian ideals.

As to the religious life in the College the Christian Associations are doing good work among the young men and women, giving encouragement and help and training them for Christian service. An evangelistic campaign was conducted in the College by the pastor of the local church, Fred E. Carter, and Carl F. Miller, pastor at Springbrook, which resulted in a number of the students making definite decisions for Christ and strengthening others in the Christian faith. As such efforts are especially valuable, not only to secure results like those already mentioned, but also to help young Christians to hear and accept the call to definite Christian work as preachers, missionaries and evangelists, we wish to encourage all evangelistic effort and believe the importance of this feature cannot be over-estimated.

We believe that Pacific College is unquestionably the best place for our young people of Oregon Yearly Meeting to get their college education and that she deserves our hearty moral and financial support. We wish to urge that all Friends remember to pray for our College during the coming year that she may be prospered in her various interests as never before.

#### ANNUAL REPORT OF THE PRESIDENT OF PACIFIC COLLEGE

(For the Year 1918-19.)

There has doubtless been no year in the present generation which has presented so many and so serious difficulties to the work of higher education as the one just past. The war, with its insistent calls, both to those who were willing to take up arms and to those whose conscience forbade the use of the sword, depleted the colleges of their young men; except where the colleges introduced the Students Army Training Corps; and where this was done, it is no exaggeration to say that real college

work was practically abandoned, so far as the men were concerned, and the college became really a military academy. Pacific College was the only college in the state that did not either have a Students Army Training Corps or seek to obtain one. Some of our students went to other schools that offered this military training; others went directly into the army and navy; while others have continued to go into our own denominational war relief service, under the American Friends Service Committee, in which work Pacific College is probably better represented, in proportion to the size of student body, alumni and faculty, than any other college in the world.

In addition to the difficulties which the war has presented, the influenza epidemic has presented its problems. The college opened two weeks late on account of the prune crop, which it seemed our duty to help in saving, for the sake of augmenting the world's food supply. After three weeks of work we were closed by the authorities on account of the influenza peril, and for four weeks our work was interrupted. After resuming work, only a little over four weeks elapsed before we were again forced to close the college for some weeks. But in spite of all the difficulties and interruptions, we feel that a successful year's work has been done, for which we are truly grateful to God and to the friends of the college, who under His blessing, have made the work of the past year possible.

#### Meeting the Difficulties.

The college board, faculty and student body have faced bravely the difficulties of the situation. So many of the older and more experienced students had responded to calls for some kind of service outside the college that younger men and men with less experience had to take positions of responsibility that older and more experienced men would have filled in normal times. A few positions usually held by young men were taken by college women. On the whole, those who accepted these unusual responsibilities, both young men and young women, carried them successfully, keeping the work from declining while they themselves received more training than would have been possible for them under normal conditions.

The difficulties caused by the interruptions on account of influenza were met by several means. It was decided to give all who could do so a chance to complete a full year's work. Those who could not complete full work reduced the amount of their registration. And by giving up the spring vacation, by having regular work on Saturdays for a considerable time, by lengthening the working day for some classes, by assignment of lessons and personal supervision of work by teachers when classes could not meet, and by using various other means, it was made possible for all students to do a full year's work in most of the studies which they normally take, while the better students did a full year's work.

One of the serious difficulties which the college faced was the financial problem. Not only was the income from tuition and student fees

greatly reduced, but on account of the many calls for funds for many worthy causes, many gifts that normally would have come to the college were not received. To meet this war-time deficit, the college board authorized a campaign among our own membership and an appeal by letter to Friends in other parts of America. The response was gratifying, and from our own membership more than \$4,000.00 was raised, while Friends outside of Oregon gave considerably more than \$3,000.00. All of this help the college greatly appreciates. How the work could have been maintained without it the college authorities cannot in any way see.

#### Faculty Changes.

There are to be but two faculty changes the coming year, so far as is definitely known. Prof. Russell W. Lewis has been granted leave of absence to pursue graduate work in the University of California. His work as head of the English department for the coming year will be carried on by Lyra B. Miles, a graduate of Pacific College and of Wilamette University, and a Master of Arts from Columbia this year. Prof. Gilbert Shambaugh has resigned his position as assistant in History and English, head of the department of Public Speaking and governor of the Men's Dormitory. His place will be filled by Chares E. Lewis, a graduate of Earlham College.

#### Religious Work.

The work of the college Christian Associations has been carried on with the usual vigor. Though the leadership has been in the hands of those who are younger than those who usually hold such responsibilities, the religious meetings, the study classes, the deputation work and the other Christian activities have been done with success. The college was asked, in the World Fellowship Movement, to raise \$100.00 for some educational work on the foreign mission field where Friends are at work. The school at Victoria where Emmett W. Guley, a recent graduate of Pacific, is to serve, with his wife, a former student, was selected, and the college, instead of raising \$100.00, doubled the amount. This is merely an example of the spirit in which the religious work of the year has been carried by the students. Many other forms of activity might be described, but it is not necessary.

#### Special Evangelistic Meetings.

In connection with the special meetings held at the Friends church, though beginning some time before them, Fred E. Carter and Carl F. Miller conducted a special series of evangelistic meetings at the college. in which a goodly number of students were definitely blessed, some of them later becoming members of the Friends church, though most of them were already members of Friends.

#### Bible Study.

In addition to the Bible study done in course, arrangements were carried out this year for every student to be in a Bible study class once a week. It was made possible for those who desired it to take this course for credit, and many of the students did so.

#### Regular Work of the Year.

By extra diligence on the part both of students and faculty, excellent work was done by most of the students. A class of four was graduated from the college, the highest honors going to Olive Lucile Johnson. The Junior prize was won by Frances Elliott, and two members of the Fourth Year Academy class did work of such uniform and high excellence that the faculty decided to award two scholarships instead of one. Pauline Terrell and Harriett Hodgkin were the recipients of these scholarships, being the two ranked highest for the combination of character and scholarship in the class of twelve that completed the Academy work.

#### Facing the Future.

Every Friends college in America is facing the necessity of definite advancement if there is not to be retrogression. Had it not been for the war, Pacific College would before this have been in a campaign for the raising of a quarter of a million dollars of additional funds. During the past year, however, there seems to be a growing feeling that the problems of Friends are common problems, and that they can best be met not by individual yearly meetings and colleges, but by all the forces working together. The yearly meeting and the college were represented by the college president at a conference of concerned Friends at the home of President David M. Edwards of Earlham College in Richmond early in the present year, and at the meeting of the Board of Education of the Five Years Meeting in Chicago a little later. A united Forward Movement of the entire Five Years Meeting, to include all the departments of church work, was felt by this gathering to be the solution for many of our most serious problems, and this Forward Movement was proposed to the Executive Committee of the Five Years Meeting. This body fully endorsed the proposal, and appointed a committee to carry it into effect. If this movement is successfully carried out, the benefit to Pacific College ought to be great, if Oregon Yearly Meeting is identified with the movement. The president of the college has been asked to take a place in that big Forward Movement, and may be forced to be absent from the college work for the coming year. If so, the college board will be asked to secure a strong man to act as president during his absence.

#### Better Things for Next Year.

With the cessation of the war in Europe, it is possible for many young men and women to be in college who could not have had that privilege a year ago. And with the condition that the war has left in the world, it was never plainer that the world is in great need of Christian leadership, such as only the Christian college can supply. It ought to be the ambition of every real friend of Pacific College to double the attendance for the coming year.

This report ought not to close without an expression of deep appreciation of those who have co-operated in carrying on the work of the college. Many friends throughout the yearly meeting have been very helpful. The Woman's Auxillary have continued their devoted work

for the college, and there seems to be a growing interest in this work in the three quarterly meetings in Oregon. The president of the college deeply appreciates the years of hearty support and co-operation with the college board, and wishes also to express his gratitude and deep appreciation also to the faculty, whose devotion and faithfulness have made the work with them a pleasure and privilege.

Respectfully submitted,

Levi T. Pennington,  
President Pacific College.

76. The following summary of the reports on the state of the society was read and approved:

## SUMMARY OF THE REPORTS ON STATE OF SOCIETY.

A good degree of Spiritual life is manifested by our members.

Meetings for worship and discipline have been regularly held except during the influenza quarantine in the winter. Most of our resident members are faithful in the attendance of the Sunday services. Sabbath Schools and Christian Endeavor Societies are doing good work and the interest in them is splendid. Some of the mid-week prayer meetings are not as well attended as they should be.

The reports of three of the Quarterly Meetings indicate that probably more than half of their families maintain some form of family worship. The other Quarterly Meeting reports that many testify to the blessing of family worship.

The reports indicate that with very few exceptions our members are conducting themselves in an upright and Christian manner in their relations to one another and the world.

Our Pastors are rendering excellent service and are bringing Spiritual messages to their meetings.

A keener interest in the financial affairs of our meetings has been aroused largely through the introduction of the tithing system.

Several of our members are engaged in some form of Christian work outside of their local meetings.

77. Returning minutes were read and approved for the following Friends:

George H. Moore, a minister of Bloomingdale, Indiana, Monthly Meeting, and president of the American Friends Board of Foreign Missions.

78. The following report of the superintendent of Temperance was presented:

## REPORT OF SUPERINTENDENT OF TEMPERANCE.

While this has been a year of great anxiety and care, and during the winter months when so much work might have been done, the influenza was raging and the minds of the people were turned from the great moral questions to the more material things and the work greatly hindered, yet we have so much for which to thank our Heavenly Father in the victories won. One branch of the Temperance Army, the W. C. T. U., has caught the vision of much land to be possessed and has launched a drive for \$1,000,000 and 1,000,000 members and we ask the hearty co-operation of the people in Oregon in this work of World Prohibition, Americanization, Women in Industry, Child Welfare and Moral Education. This drive has been called the Greatest Missionary Movement of the age and we ask your help in Sounding the Jubilee.

88. The following report was presented from the representatives, and the resolutions as presented were adopted by the meeting:

#### REPORT OF THE REPRESENTATIVES

We, your representatives, after prayerful, careful and exhaustive consideration of the matter referred to us, make the following recommendation:

That the revised resolutions from the Portland Conference in regard to the Bible School Board, the Publication Board and the American Friends Board of Foreign Missions of the Five Years Meeting as follows become the recommendation of Oregon Yearly Meeting:

#### Missionary Resolution.

Resolved: That while appreciating the many problems which would

naturally come to such Boards, and sincerely wishing to be helpful in our criticism of the same, we feel that in order to give the American Friends Board the fullest co-operation of this yearly meeting in our united efforts to fulfill the command of our Lord, "Go ye into all the world and preach the gospel to every creature," that it would be well to have inserted in the application blank for the use of candidates for the field some questions which would help the Board to ascertain whether or not the applicant had definitely sought and received the baptism with the Holy Ghost, which our branch of His church believes to be essential to carrying out the command of our Master referred to above.

#### Publication and Bible School Resolution.

Whereas: The Uniform Discipline refers to the letter of George Fox to the Governor of Barbadoes in 1671, and to the Declaration of Faith, issued by the Richmond Conference in 1887, as standard beliefs of the church; and

Whereas: Oregon Yearly Meeting at the time it adopted the Uniform Discipline considered these standard declarations as a part of the beliefs of the church, and binding on our membership; and

Whereas: The Five Years Meeting having appointed a Board of Publication, and a Bible School Board; and

Whereas: Said Board of Publication is publishing The American Friend, and the Bible School Board is publishing various Bible School periodicals and papers; therefore be it

Resolved: By Oregon Yearly Meeting of Friends in regular session assembled: That it is the sense of this meeting that in order to secure and maintain the full moral and financial support of the above mentioned Yearly Meeting, the Boards heretofore mentioned must cease to publish anything in any of their publications not in harmony with the doctrinal standards heretofore mentioned. Be it further

Resolved: That the members of this meeting who are also members of the Board of Publication, and the Bible School Board of the Five Years Meeting, are hereby directed and required to use all their influence and authority to carry out the provisions of the foregoing resolution. Be it

Resolved: That members of this meeting who are members of the two Boards heretofore mentioned, are hereby directed and required to report to this meeting next year their action in this matter.

89. The following report was received from the representatives, and the recommendation contained therein was adopted:

#### REPORT OF REPRESENTATIVES

The proposition from Scotts Mills Monthly Meeting and Salem Quarterly Meeting that we withdraw from the Five Years Meeting, which was referred to the representatives by Oregon Yearly Meeting, has been seriously considered by this body, and we recommend that the above proposition be directed down to the several quarterly meetings for their action and report, action not to be taken by the quarterly meetings before the last quarterly meeting preceding the 1920 session of Oregon Yearly Meeting.

The local meetings on Ministry and Oversight are urged to encourage those who seem called to special service for the Master.

The meeting considered the advisability of adopting a set of questions, the same to be presented to candidates for the ministry and elders. The matter was referred to a judicious committee to be reported on next year.

## SUPPLEMENT

### To the Minutes of Oregon Yearly Meeting of Friends

#### REPORT OF AMERICAN FRIENDS BOARD OF FOREIGN MISSIONS TO OREGON YEARLY MEETING OF FRIENDS

For a detailed review of the work under this Board during the past year, we would refer Friends to our printed report to be published in Seventh Month. That report may be obtained from our office in Richmond or through the Missionary Committee of the Yearly Meeting.

In the present report, we have chosen rather to refer first in a more general way to our work and the situation confronting us and then to suggest the three or four main lines of development which it seems to us require special attention this year.

Few of your members probably are unaware of the notable achievement which Friends have to their credit in having provided within a year and a half \$150,000 for their foreign missionary activities. Satisfactory as it is to this Board and to Friends at large to see the year, ending Third Month 31, close with all bills paid and with funds in the missionary treasury sufficient to provide the immediate needs of our missionaries, the raising of \$150,000 is even more satisfactory, if possible, as demonstrating that more of our members than before are concerned about the spread of the Gospel and are with their gifts and with their prayers standing back of the missionaries and their work. With such unity of interest and purpose and prayer, far greater progress in the extension of our Lord's Kingdom is to be expected.

As plans for the much discussed Forward Movement among Friends are taking shape, and as we participate in the Interchurch World Movement or other similar efforts, Friends may undertake these new tasks and responsibilities assured that, having successfully carried through our own missionary program, we shall be able now to accomplish still greater things and make a worthy contribution to the world-wide Christian movement. Once more the church has shown that whatever she sets her hand to accomplish, at the call of God and in His strength, she is not disposed to leave uncompleted.

#### MEXICO.

Whereas last year the attention of our Board was directed more especially toward Cuba and Jamaica, this year it has turned to Mexico and Palestine. It is our firm conviction that the Society of Friends faces

today in Mexico one of the greatest opportunities for helping turn an entire nation to the living Christ which Friends have ever had in all their history. A few reasons for this may be cited.

First—Friends after thirty-eight years of work in Mexico, now have a standing and prestige, as well as material equipment, in the northeast of Mexico, which constitutes a most valuable asset in any effort looking toward the uplift of the Mexican people; second—Americans residing in Mexico, including our own missionaries, workers of other societies and churches, and those engaged in secular pursuits, declare that the needs in our Mexico field are such as Friends are uniquely able to meet; third—the laws of the country are found to place no serious obstacle in the way of Evangelical Christian effort but, on the other hand, actually are stimulating the growth of the Protestant Christian Churches in Mexico; fourth—the Governor where most of our work is situated and the Director of Public Instruction, both of them Protestant church members, as well as the President of the Republic, have expressed their approval of our work and their hope that we can increase our efforts which they recognize to be directed toward the highest welfare of the Mexican people; fifth—our work in the states of Tamaulipas and San Luis Potosi is an integral part of a united program of Christian work embracing the whole of Mexico and designed to reach all classes and to raise up in Mexico a strong, well-organized, Christian Church served by intelligent, aggressive Mexican leaders. In this carefully laid program, Friends and eight other denominations are co-operating.

For these and other reasons, we conclude that now is the time of all times for Friends to do a great and lasting work for the cause of Christ in Mexico. Within a few months we expect to have five and possibly six more workers on our Mexico staff than last year. Two of these, Emmett and Zoe Gulley, members of Oregon Yearly Meeting, are already on the field.

#### PALESTINE.

Formerly there were four fields under our care. This year there are five, Friends work at Ram Allah in Palestine having been placed under our direction by New England Yearly Meeting in Sixth Month, 1918.

During this year, the work in Palestine has been much restricted owing to war conditions. Four Friends have been there working under the direction of the American Red Cross and have found abundant opportunity for Christian service. A boarding home for girls has been maintained in Jerusalem where girls from Ram Allah were able to attend a nearby high school, our own Girls' School in the village being closed.

With the work of the Red Cross in Palestine brought to a close, and political conditions stabilized, we fully expect that the work of our mission this year can be resumed in full force. The expenses during the coming twelve months will certainly be double what they were before the war and it is not unlikely that the pre-war cost may this year be trebled. There can, however, be no thought of holding back in such a time as this. Three new workers will probably be sent to Palestine during the year.

#### ADMINISTERING OUR TRUST.

It is as the trustee of the Friends in the Five Years Meeting that the American Friends Board of Foreign Missions is called upon to direct the foreign missionary work of the Church in the five fields now under our care. In administering this sacred trust, it is the duty of the Board to use the resources which the church places at her disposal in the way which will most thoroughly and quickly accomplish our part in the evangelization of the world. Recognizing this as our duty, we have asked ourselves what steps are necessary for its accomplishment. The answer has not been difficult to find. These four things it seems to us must be done if the life and treasure you provide for foreign missionary work are to be used most wisely and most effectively for the extension of our Lord's Kingdom.

First—we must do our utmost to find out who among the younger members in each Yearly Meeting are divinely called and equipped to do foreign missionary work; we must try to assign each of these workers to the location and type of work in which his particular talents and gifts can be most effectively employed; and we must faithfully seek to help each one steadily to enlarge the ability which God has given him. Clearly growth in grace and power is God's law, and it rests very largely with the Mission Board to make sure that for each worker such growth is possible and actually takes place. We believe that every worker offering himself for service abroad has a right to expect this help from the Board which sends him to the foreign field. Attention to the personnel of the present and future missionary staff must, therefore, be our primary concern.

Second—we must keep the particular meetings in the home field more closely in touch with the work and workers on the foreign field. Only as Friends at home know what is going on upon our mission fields can support in prayer and money be intelligently offered, and only so will such support be adequate and persistent. We must endeavor, therefore, to make it possible for every meeting to become intimately acquainted with our missionaries and with their work. And we shall, of course, expect Friends to do their part by reading the reports and bulletins which come to their hands and by taking and using the periodicals in which our work is reported, particularly "The American Friend" and "The Friends Missionary Advocate."

Third—we must employ toward the solution of the many intricate problems of foreign missionary administration a steadily improving type of Christian statesmanship. This will mean careful and continued study of the methods and results of various types of missionary effort on our own and other fields and it will mean securing a more accurate and intimate knowledge of actual conditions on all our fields. To this latter end it is proposed this year to send a deputation of three or four Friends to Palestine and to Africa to remain in each field long enough to gain a thorough understanding of the general situation and the major problems of the work. The coming of this deputation should prove a help to

the missionaries and its report should materially assist the Board in wisely directing the work in these two countries, as we believe similar visits to Jamaica and to Mexico have helped within the past eighteen months.

Fourth—we must encourage and help our workers abroad faithfully to interpret, through their work and in their teaching, the ideals and testimonies of the Society of Friends. We have slight interest in perpetuating in foreign lands unessential distinctions between various groups of Christ's followers. But we are deeply concerned that the finest features of the spiritual heritage of Quakerism be not lost in the transplanting to foreign soil. And we are concerned that our missionaries shall help the rising native churches on our five fields to understand the spiritual ideals of Friends and to work them out after their own fashion.

We covet your prayers to the end that substantial progress may this year be made toward each of these objectives which we conceive to be essential for the proper discharge of our trust as a Mission Board.

**THE FINANCIAL GOAL**

Friends will not be surprised to learn that the financial requirements of our work this year will be somewhat greater than heretofore. There will be needed this year \$155,000 which is to be expended as follows:

Mexico.....	Current expenses	\$27,400;	Buildings	\$7,900;	Total	\$35,300
Palestine....	Current expenses	10,000;	Buildings	5,000;	Total	15,000
Jamaica.....	Current expenses	16,850;	Buildings	3,950;	Total	20,800
Cuba.....	Current expenses	25,000;	Buildings	9,000;	Total	34,000
Africa.....	Current expenses	23,800;	Buildings	9,500;	Total	33,300
Deputation to Africa and Palestine.....						3,500
Education of Home Field.....						4,250
Administration.....						8,850

Under a different classification, these funds are to be used for the following purposes:

Support of workers.....	\$56,680
Travel.....	18,178
Evangelistic work.....	11,448
Mission schools.....	13,545
Property upkeep.....	6,643
Mission expenses.....	7,658
Industrial work.....	1,100
Printing and publishing.....	3,900
Medical work.....	500
Building.....	35,348

To raise this amount within the year, we must look to each Yearly Meeting to provide approximately twice as many dollars as it has members. Included in this total should be numerous large individual gifts, as well as a multitude of more modest offerings. Last year many Friends made individual contributions of one or more hundreds of dollars. Several others individually gave from one to five thousand dollars. It is, of course, to be expected that individual contributions will be even more

numerous and larger this year than last, and that a greater number of Friends will lend their aid toward raising the total sum required. Only as sufficient funds are provided by the home church, only as Young Friends offer themselves for missionary service, only as prayer and interest persist can the ideals which you expect to see worthily carried out in your foreign missionary activities be achieved. The increasing interest and support realized during the past year have already given added power and joy to our workers and we bespeak for them a further increase in order that the matchless needs and opportunities among the nations still without the Gospel may be met as, God helping us, we can meet them in this generation if we will.

**SUMMARY OF EPISTLES FROM AMERICAN YEARLY MEETINGS**

In attempting to summarize the annual letters from the American Yearly Meetings, one is first of all impressed by the feeling of sympathy and fellowship which pervades the epistles. This bond of fellowship has been deepened and Friends have been more closely drawn together as they felt their isolation from the great mass of the Christian Church on earth in that they have stood almost alone in their testimony against war. As one epistle expressed it "there is a feeling of loneliness when neighbors look at us askance for holding to our views. So it has been a time of renewal of courage, of faith and of love" as Friends have come together in their different Yearly Meetings and have listened to epistles from sister Yearly Meetings in America and from Friends in England and Ireland.

One Yearly Meeting says "we have re-affirmed at this time our faith in, and adherence to, the essential principals and teachings of Friends which have come down to us through more than two hundred and fifty years of history. We have also gone farther and recognized as never before that these testimonies must be backed up by positive concrete examples of action in service of love and mercy. In other words, Quakerism will not be saved and carried over into a reconstructed Christian order following the war period on account of its testimonies, but it may become potent and powerful by undertaking and carrying through to a successful accomplishment great acts of Christian service. The present hour and that which is just ahead of us are times of action."

In keeping with this thought, New York Friends remind us of our obligation to extend to the Negro both in the North and South "the simple love and justice which is due to every human being, also to foreigners and the new-comers in our industrial centers. We believe that the cheapening of human life in the public mind due to the war in

Europe, has had a great influence on people's thought in this direction; but more than sixty-five reported lynchings in the United States in the last year and hundreds of cases of mob violence are startling even to the most complacent. Will not our sisterhood of Yearly Meetings join in a definite effort to cleanse this awful stain from our National honor?"

Different epistles voiced their appreciation of the help of the Five Years Meeting. North Carolina said it had helped them "to get a clearer vision of the possibilities and responsibilities before our Church." The New York epistle speaking on the same subject says "we have gladly adopted all the recommendations of the Five Years Meeting feeling that they tend to simplification and increase of efficiency. It has given us a sense of the solidarity and mutual helpfulness of our Friendly family."

The different epistles report an increased interest in Missionary endeavor, also in the work of the young people. Five different letters spoke definitely of the awakening and increasing activity of the young Friends and the new life that they were bringing into the Church.

New England Yearly Meeting which has reported a declining membership for several years, reported a net gain of 71 the past year. Evangelistic and Church Extension work has been carried on with gratifying results in the different Yearly Meetings.

All rejoice over the gains made in temperance reform. Baltimore admonishes us that "our efforts in this behalf must not cease, since law must be enforced as well as enacted, and there yet remains much need of education as to right standards of clean and healthy manhood."

**FROM THE LONDON YEARLY MEETING OF FRIENDS HELD IN  
LONDON FROM THE 21ST OF FIFTH MONTH TO THE  
28th OF THE SAME, 1919.**

To Oregon Yearly Meeting—

Dear Friends:

We thank you for your friendly greeting. The Yearly Meeting of 1919 is unique in the annals of the Society of Friends in this country. We are home. Women and men, young and middle-aged, have been away, our families have been stripped, our annual gatherings have been stripped. Now we are home. Some have been far over seas, some have been isolated in this country, some have been patiently and quietly starving under a ten-fold burden; all these have learned what home means, and some have gone to a better Home. Dear American Friends, we share these sacred feelings with you.

We are ever mindful that those whom you have sent have indeed been far from you, that for every hundred miles that has separated us from ours a thousand has separated you from yours.

We rejoice in the sense of unity that is born of common effort and of common sacrifice. We rejoice that many of our young people have met and worked together, in their mutual understanding and appreciation and in their unity in essentials. We rejoice in their company and in the stimulus of a number of your people sitting with us at the sessions

of this Yearly Meeting. Their presence and their frankness of utterance have given an impulse to our meeting and have made us feel very close to you in the love of God and the service of our Lord and Master Jesus Christ. Representing all the different branches of our Society upon the American Continent, they come to us as delegates from the Monthly Meeting recently established in France. We have heard from them of the sense of comradeship which unites them and of the unity which they have found as they have worked and worshipped together. They are representatives of a far wider company, supported by the loving interest and generous sacrifice of Friends in every Yearly Meeting.

As we realize the spirit of fellowship and co-operation which their work has called forth, we may all of us share in a sense of that unity which is reached by the path of prayer and of common service.

The coming of peace must call us to continue to walk the way of service together, striving together to remove in our own lives and in the lives of the nations the roots from which wars spring, so that selfishness and injustice, alike in individual, in industrial and in international relationships may be replaced by the spirit of brotherhood which Christ taught His disciples.

As we look back over the failure of the past, we are saddened because religion has not been made more real to men. The human need is greater than ever today. Deep calls unto deep, but only the Spirit of God moving upon the face of the waters, can bring order out of chaos, new life to our sick and wounded world.

This brings to us a great opportunity. To meet this need we must have living meetings for worship, worthy of the loyalty of all who join us.

Our Swarthmore Lecture this year has reminded us of the wonder of our way of worship and the uniting power of that living silence where Friends go deep into the life of God and share together in a spiritual communion out of which true words come.

"Communion and communication of the spirit and life of God \* \* \* as from one upon all and from all upon one.' This is our goal. To this, in spite of all our failures we exist to bear witness. To this, the hope of the future, each living silence point."

Our outlook now is to the future. In what way are we to shape our home now that God has seen fit to restore it to us and us to it—our family life, our Religious Society, our World? We seek a broader sympathy in our household and social relationships, a deeper spirituality in our Religious Society, a higher Idealism in the World. We look to America for much guidance. We would associate ourselves with the greatness of your outlook for the future of mankind, basing it as you do on justice and mercy.

In each country we have our own special problems, but for us all the answer can only be found as we learn together of Christ our Master, who is seeking that we should be His messengers and interpreters, not only by word but by life. We are thinking of the school, that link which binds the household, the Community and the Church. We are

convinced of the urgency of progress in our school organization. We are striving now to remodel our educational system so that its advantages may be shared by all our members in the spirit of brotherhood, whether as children or adults. The treatment in prison of offenders against the civil law has been brought before us, through the experience of many of our own members. In the struggle against intemperance we are still far behind your achievement, but we have been stirred by the great national experiment upon which you are now entering, fraught as it is with such vast consequences for the upbuilding of a purer and healthier race.

Even greater are the difficulties we have to face in the world of international relationships, where the breath of American idealism has already brought new hope with it in the efforts that are now being put forth to bring to birth a truer fellowship of nations. We need this, but we need far more. As a result of the war we see before us widespread misery and bitterness; millions of lives have been clouded by it, and greater even than the physical suffering and economic distress is the deep spiritual despair which has seized so many souls. To the weary and saddened spirits of men we have to bring Christ's message of hope.

We are still only at the beginning of our task. The wrongs to be righted are so great, our strength so small, that we might well despair, if we stood alone. But Christ who calls us to follow along His mountain pathway will give strength for our feet and light for our way.

**THE EPISTLE FROM LONDON YEARLY MEETING OF THE SOCIETY  
OF FRIENDS, HELD IN LONDON FROM 21ST  
TO 28TH OF FIFTH MONTH, 1919.**

A message of hope to all men and women of good will.

Dear Friends:

We live in days of disillusionment.

Despite relief at a cessation of hostilities, and, for many, the joys of home-coming, minds are dwelling on disappointed hopes and the emptiness of great phrases on which men have built their faith.

The Armistice has not brought peace. Victory has not brought liberation. The spontaneous self-sacrifice of the "war to end war" has been succeeded by the cruelty of starvation to enforce peace.

Roots of war between nations have been laid bare in our industrial and social life. Real peace is seen to be impossible on the present basis of Society. The majority of our fellow-countrymen, limited in physical development, in mental equipment, in home conditions and the joys of life, by the pressure of economic necessity have little of our boasted freedom.

Despite this disillusionment, our dominating thought is one of hope.

We would not be unconsidering optimists crying peace when there is no peace. The times are fateful. Far-reaching problems meet us in

all directions, and right solutions cannot be had on easy terms. There is need for hard thinking and resolute facing of all the facts.

Each November there is little sign in the bare branches of the ascending life that holds the promise of spring. Today, in human affairs, we see much of desolation and of a dying past. But there are signs that the sap of the new life is rising. Amid the fall of dynasties, the crash of empires, and the shouts of victory, the thoughts and efforts of men are being turned to building the new and better world.

Throughout history, at times when all seemed chaos, new leaders have been forthcoming, forsaking the partial ideals of the time, and marching forward with trust and confidence through the darkness to the future. It is to the spirit of youth that we must look for vision and for that buoyant hope and reckless abandon which can turn vision into fact. We must cast aside that spirit of fear which magnifies the dangers of change, and dares not risk the good of the past in order to achieve the greater good of the future. To all there is a duty in hope; it is a creative force. So in this time of withering ideals we call all men to hope.

" \* \* \* \* \* till Hope creates

From its own wreck the thing it contemplates." (Shelley "Prometheus Unbound.")

But it is of supreme importance that our hope be guided by right principals.

If we would have a truer and better world we must keep to the fundamental conditions of social health.

The present state of the world is the result of the bondage of hope to mutual fear and distrust.

We have faith in humanity.

Our hope for the future lies in the liberation and right direction of man's true, generous qualities of good will. They must be our constant guide, and no fear of the risks that seem to be involved must allow us to deny them. These are the fundamental conditions of social health. They need not be sought afar, for they are in each one of us. No torture can force the true patriot to betray his cause, and no compulsion can prevent the man of determined good will from living by the principles of good will. So long as we try to coerce rather than convince the opinion and judgment of others there is no chance for these human qualities to grow. Bitterness and suspicion will always breed bitterness and suspicion. We cannot preach brotherhood behind the bayonet's point. The more men rely on force the deeper they sink into hell.

On the other hand, trust and good will breed trust and good will. Man's impulses of generosity truly acted on would dispel national hatred, break the chains of poverty, abolish cut-throat competition, establish universal co-operation, and assure to all the fullness of life.

We know that in many quarters these principles are striving to find expression, often crudely, often uncertainly. Wherever men are inspired by high ideals, or are responding to noble impulses, there we recognize the eternal Spirit of the living Christ at work in their hearts.

It is this response to the Spirit which alone truly liberates the soul and sets men free, the grace of God giving power to make the new man, and the new world. For it is not only in the world outside that men are disappointed. We have disappointed ourselves. We have been surprised to find how easily we were swayed by passion or prejudice, how soon we slipped into acquiescence in wrong. Our better nature cries out for reinforcement. This reinforcement comes from the Spirit of Christ at work in our hearts. Our faith in humanity rests upon faith in Him. For when Jesus walked the hills of Galilee He appealed for just this response in the human soul to the finer values of good will, of trust and generosity. He said in effect "Live your lives on the basis of those true values within yourself, and in doing so you will discover that you are sons of your Heavenly Father, for they are His values also."

Christianity is said to be of the past, and useless for the living present, and, in so far as forms and creeds have given us theological abstraction in place of the man Christ Jesus, this is true. But the religion of Jesus of Nazareth is the most natural religion possible. No dogmatic assertion can prove the reality of Jesus to any man; but as he follows the light that is given him, the majesty and heroism of that life will speak to his heart with compelling voice, and all that is best within him will respond with loyal and reverent enthusiasm.

Jesus Christ, the Revealer of the living God in human personality, is the Leader of the people today. In Him is the Hope of humanity.

Signed in and on behalf of London Yearly Meeting,

John H. Barlow, Clerk.
