1958-59 SCHOOL YEAR

GEORGE FOX COLLEGE

NEWBERG,
OREGON

This booklet is a supplement to the 1957-59 catalog and lists current information for the 1958-59 school year.

Colleges don't just happen! Behind every such institution there is a background of purpose and need, sacrifice and devotion. The natural outgrowth of these elements is an institution designed to play a role different from any of its contemporaries. Here are brief specific facts which make George Fox College distinctive:

History and Location

The thirty-five acre campus of George Fox College is situated at the edge of Newberg, Oregon (population 4000) located 24 miles south of the city of Portland. Newberg is conveniently located for easy access to the cultural advantages of metropolitan Portland and is also within a short drive to scenic areas on the Oregon Coast, or to snow-capped Mt. Hood, favorite winter resort. The climate is usually mild and flowers and evergreens abound.

* * *

The early Quaker settlers who came to the Willamette Valley were conscious that the democratic structure of their church demanded a well-educated membership. Therefore these Quaker pioneers made provision for the education of their children even before the public schools offered any educational advantages in this part of Oregon. In 1885 Friends Pacific Academy was organized as a secondary school. In 1891, Pacific College was organized. Because of confusion resulting from the large number of institutions along the Pacific coast embodying the name "Pacific," the school was renamed George Fox College in 1949.

Purpose

George Fox is a Christian, liberal arts college which seeks to help men and women know God and the laws and purposes of His universe, and to assist them in reconciling their lives to these. The fundamental purpose of the college is to develop Christian character and to help students gain the theoretical and practical knowledge essential to successful purposeful living.

Buildings and Equipment

The work of the college is carried on in eight buildings located on a thirty-five acre campus which is pleasantly landscaped with both natural and formal plantings. Main class buildings include Wood-Mar Hall, Science Hall, Hester Memorial Gym and Fine Arts Hall. Dining Hall, Library, and two dormitories, Kanyon Hall for women and Edwards Hall for men, are also on the campus.

The new Student Union building is completed and is a beautiful addition to the campus. It provides a most satisfactory center for student activities. In addition to

the gracious, nicely furnished lounge room there is a snack area and offices for the publications, student council and the book store are housed in the building.

Student Life

The career of a George Fox College student is enhanced by well-guided scholastic and extra-curricular activities. Through chapels, formal parties, concerts, special days, intercollegiate athletics, and numerous student organizations and publications, a student is helped to develop to the fullest his social, cultural, spiritual and physical capacities.

Every student at George Fox College is expected to be diligent in study and to deport himself in an orderly, courteous and moral manner, both on and off the college campus. A student handbook is furnished at the time of registration. Each student is responsible for the more detailed information and directives contained therein.

Admission

As a college of liberal arts committed to Christian principles, George Fox College seeks students who are qualified to do college work and who are interested or willing to become interested in the type of program and life for which the college stands.

Graduates from accredited high schools or other secondary schools of equal standing or students with an

It's fun to be a part of a genuine Christian college. This is why more and more youth with high ideals are choosing GFC.

official transcript showing the satisfactory completion of sixteen properly distributed units of work are eligible to apply for admission to George Fox College.

Veterans may enroll at George Fox College under the provisions of all the Public Laws. The veteran planning to enter college for the first time under any Public Law should apply to the Regional Office of the Veterans Administration for a Certificate of Entitlement for training at George Fox College. This certificate should be presented at the time of enrollment.

Students from other educational institutions may be admitted to advanced standing upon the presentation of official transcripts showing in detail the kind and amount of work done.

For admission procedure, please see back cover of this booklet.

Degrees and Majors

George Fox College offers the bachelor of arts, bachelor of science and bachelor of theology degrees. Majors may be selected from the following fields: Art, Bible and Christian Education, Biology, Elementary Education, English and Literature, Home Economics, Mathematics, Music, Psychology-Education, Psychology-Social Studies, and Social Studies. In addition to the above fields, minors may be selected from the following: Chemistry, Modern Languages—French, Greek, Spanish

and German, Physical Education, Physics, Speech and Dramatics.

An important affiliation for those interested in the elementary teaching field is the Cooperative Joint-degree Elementary Teacher Curriculum between George Fox and the Oregon College of Education. More information on this program can be received by addressing your request to the Office of the Dean, George Fox College.

Student Costs

All college bills are payable in advance, and every student is required to settle with the treasurer at the beginning of each semester. Installment contracts are provided for those who wish to pay monthly. Costs per year:

Tuition	\$450.00
Student Affairs	50.00
Insurance (approximate)	10.00
Room	100.00
Board	350.00
Laundry fee	5.00
Other fees (approximate)	25.00

The cost of books is not included in the above figure. Students are to pay cash for their books at the beginning of each semester.

The Tuition Plan

Since some parents may prefer to pay tuition and other school fees in equal monthly installments during the academic year, we are glad to offer the convenience of THE TUITION PLAN at a cost of four per cent greater than when payment is made in cash. Forms will be supplied upon request.

Student Loan Funds

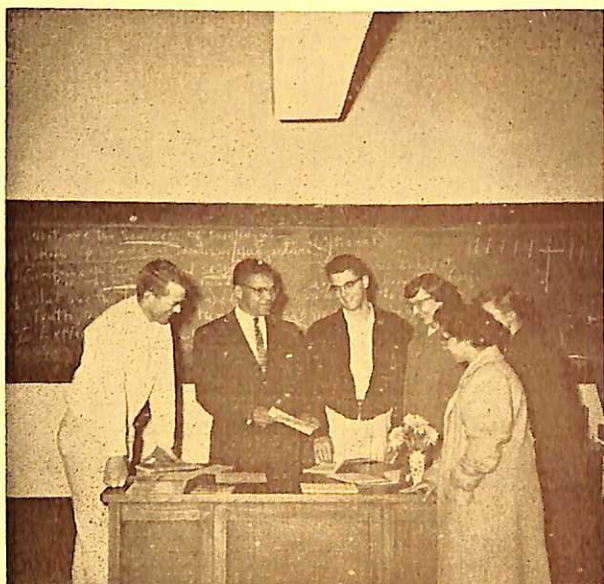

Students who need financial assistance to complete a semester's expense may apply for a student loan.

Discounts

The college grants a \$100 discount for the school year, \$50 to be applied each semester, to the minor, unmarried sons or daughters of: Ministers in active full-time Christian work; missionaries in active full-time Christian work under a recognized mission board; full-time college staff members. This amount applies likewise to recorded, licensed, and ordained ministers.

Student Employment

Students who need to work for a part of their expenses may do so when they are able to substantiate their need. Application for work will be sent by the college upon request from the student. The actual work contract which designates the assignment and pay rate will be executed at each semester's registration.

Leaders in their fields are brought to the campus periodically to stimulate the learning process.
