A Letter from Carroll Tamplin

We are with you again, after four years and eight months absence from you among our mutually beloved Aymara Indian believers. Our mind has been described in the IVIssionary Board takes great pleasure in officially announcing that the Tamplin family is home on their first furlough from our mission field in Bolivia.

Our mind has been drawn to 'Acts 14:21-28. "And when they had preached the gospel to that city, and had taught many, they returned again to Lystra, and to Lonium and Anticah confirming the souls."

It would have been a rare privilege for much tribulation enter into the kingdom of God. And when they had ordained them God. And when they had ordained them been present with us and hear first hand elders in every church, and had prayed with the things that they had to tell us. Howfasting, they commended them to the Lord, ever it was not all just pleasure for we had on whom they believed . . . And thence they much business to consider. sailed to Antioch, from whence they had been recommended to the grace of God for the work which they fulfilled. And when they were come, and had gathered the church together, they rehearsed all that God had done with them, and how he had opened the door of faith unto the Gentiles. there they abode long time with the disci-

Even the apostles had a home-church. Paul's home church was Antioch. To this church he and Barnabas returned to recount the work of God among the Gentiles-the the work of God among the Gentles—the heathen. We, too, have come back to our "Antioch," to review the work of God in our "Derbe, Lystra, Iconium" etc, and to abide with the "disciples" of our Lord in "Antioch" for a time. We look forward to "Antioch" for a time. We look forward to meeting all of you face to face, recounting the work of the Lord and to the abiding time. We also look forward to the time of again being given by you into the hand of God for the working of those other fields and the bringing in of those "other sheep" that still blindly wander over the wind-sweet plains and rugged crags of the Andes of Bolivia.

I have been wondering how Paul and Barnabas found things in the little home church: if some of the "old-timers" had not gone in for the popular heathen styles of the day; if some, having loved this present world, were still holding the form of religion but denying the power thereof; if some of the "patriarchs" of the church, emblems of power, purity and faith, had gone on to receive their "crown of life"; if the burden of the church and its future were now resting on those whom Paul and Barnabas remembered as toddling babes and unstable youths; if, while those that had been "separated unto the work whereunto the Lord had called them" had been much-travelled, be-

Missionary Conferences Planned

Not the least of the matters of business was the itinerary of the Tamplins during the year they are home. They have come home tired and worn after nearly 5 years of hard work in an altitude far too high for most folks to endure. The Board feels that they must use the time at home to the very best advantage and that a rest of at least one month before any public meetings, is imperative. We ask the meetings to cooperate with us in this courtesy to them. We also feel that to ask them to visit every monthly meeting during the year will consume more time and energy than they can spare from work that they must get done before they We have therefore planned for "Sectional three day Missionary Conferences" to be held in various places in the Yearly Meeting. The time and place of these meetings will be arranged with the Quarterly Meeting Supts. and will be announced as soon as possible. The following program indicates the nature of the conference and should "whet" one's appetite for the good things in store.

Greetings from Doris Tamplin

Portland, Oregon, Sept. 19, 1935. Dear Friends in Oregon Yearly Meeting:

It is a pleasure to be among loved ones and former acquaintances and fellow laborers in the Lord. We thank the Lord for a safe and pleasant journey home.

God has blessed us very much in Bolivia and answered many of your and our prayers for the work among the Aymara Indians. Praise the Lord for peace restored to the nation, the going of another missionary to labor among the needy Indians, that God is beginning to speak to our Aymara women, that our Aymara men are beginning to feel a greater burden for their own people and that the Gospel is being preached to many who sit in darkness. Praise God for Jesus who sends us and promises, "Lo I am with you alway, even unto the end of the world."

Sincerely yours in Jesus

Doris M. Tamplin.

If they cannot fill your pulpits please do not feel that they are neglecting you. If they visited every monthly meeting it would take nearly six months if they gave Sunday services. Most sincerely yours, Chester A. Hadley,

MINISTERIAL CONFERENCE AT STAR

It is with a real concern for the future of our Ministerial Conference that I feel led to put this matter before the pastors of the Yearly Meeting.

It is my blessed privilege to know or to be acquainted with, each pastor of the Yearly Meeting, to me that means very much. An interest in you gives me an interest in your work, it helps me in praying for you and your field.

Pastors, I appeal to you, do you know every pastor in the Yearly Meeting? Are you interested in each one? Do you pray for their work? Do you know that we have many things in common as fellow pastors? Let's get acquainted for sure at Star Nov. 5-8.

I do not feel that we can afford to lose the blessing of fellowship together nor can we afford to sacrifice the valuable information which we receive at these Conferences, on the altar of indifference.

To you who are older and perhaps find it harder to get to Conference than you once did, don't give up! We younger ones need your advice and counsel, and too, to see you wide awake and zealous for God and souls makes us feel like it is better on up the road and so we receive a little of the road.
