WINTER IS LOTS OF FUN

OO***O***

We have fun skating on the ice last Monday. We all have skates except for little kids. We made a big fire back of the lake. The river is getting thicker every day and they will start skating. We went skating after lunch brake. At night we can't wait skiing and sliding down the hills. We had a good ~~the~~ nice place to slide and skate and sking and we will be having dog rides. There will be halloween as soon as possible. This month I will dress up like a ghost. We will be having thanksgiving this year. And we will eat lots of foods. And it will be getting colder and colder. Then the other kids will be sliding down the hills. We will be making snowmans and some kind of things on the snows. All kinds of thing. And then it will be getting spring time.

NEWS FROM OUR HIGH SCHOOL STUDENTS

OO***O***

Noorvik students away from home have been making the news lately. From the Nome Nugget, we learned that Mabel (Polly) Sheldon who is attending the William E. Belts High School in Nome, was chosen as one of the eight cheerleaders. For one week twelve girls practiced for the cheering tryouts. Polly was also elected President of the Dorm Council for the 1966-67 school year. (cont. pg. 2)

MOVIES START TODAY

OO***O***

Weekly movies will start tonight with a showing of 20,000 LEAGUES UNDER THE SEA. This movie was produced by Walt Disney and stars Kirk Douglas, James Mason, Peter Lorre, and Paul Lucas. In cinemascope and color, it tells of "Captain Nemo waging war on the world from his fantastic submarine Nautilus in this classic Jules Verne tale."

MEN OBTAIN WOOD FOR THE CHURCH

OO***O***

On October 6th, thirteen of the men from Noorvik turned out to get firewood for the church. Bessie Coffin and her son went with the crew. Bessie made coffee and prepared food for the crew while they worked. The men cut the trees down with chain saws, trimmed the limbs off and cut them into logs. Then they piled the logs near the river bank. Late in the afternoon the logs were loaded into boats and hauled to Noorvik. Quite a bit of wood was cut and everyone seemed to have a good time working and eating together.

On Tuesday, October 11, a good crew turned out to haul the wood up from the beach. The wood was hauled from the beach to the BIA tram by the mission tractor. It was brought up near the church by the tram where it was cut up and stored. Some of the women made a lunch in the church for the crew to eat. We wish to thank all the men and women who helped in this project.

POSTMASTER GETS LOTS OF EXERCISE

OO***O***

Now that a part of our new landing field is being used by Wien's to bring the mail, Billy Sheldon is doing a lot of walking.

Billy has to walk from the Post Office back to the landing field each time that Wien's makes a stop here.

Noorvik is a Fourth Class City so the Postmaster does not get anything from the Post Office to travel back and forth with, like in the bigger cities.

If walking is good exercise then Billy Sheldon should be the healthiest person in Noorvik.

NOVEMBER 8, 1966 WILL BE ELECTION DAY. NOORVIK HAS 165 PEOPLE WHO CAN VOTE. THERE ARE ONLY TWO CITIES IN THE NORTH WEST AREA WITH MORE VOTERS YET IN THE PAST NOORVIK HAS BEEN WAY BEHIND MANY OF THE SMALL VILLAGES THAT MAKE SURE THEY VOTE.

THIS ELECTION IS IMPORTANT TO NOORVIK PLEASE USE THIS RIGHT THAT YOU HAVE

NOORVIK HAS SMART THINKER

00***0***

Afew weeks ago Danny Thompson was going to take the shingles off of his house and put new siding on. When Danny thought about how long it took him to put the shingles on when he was building his house he tried to think of a faster way of taking them off.

Danny tried to figure out the best way to get the job done real fast. He finally came up with the best way he could do it.

Danny spread the word around that if anyone would take the shingles off they could have them for firewood. Not too long after two men came over and went to work on the shingles. It took only about twenty minutes to take every one of the shingles off Danny's house. Danny said, "there wasn't even any scraps left on the ground."

That is what you call pretty smart thinking.
