FOURTH AND PIKE BUILDING  
SEATTLE 1, WASHINGTON

November 8, 1950

Dr. John C. Brougher,  
The Vancouver Clinic,  
Medical Arts Building,  
Vancouver, Washington.

Dear Doctor Brougher;

Thank you very much for accepting the chairmanship  
of your local committee.

We will welcome Dr. Munger on the committee. I believe  
three members will be enough as it is much easier to get  
things done with a few than many. Will you express my thanks  
to Dr. Munger.

I don't know when your committee will have work to do.  
It depends on how many doctors etc., get the call from your  
section. I will send necessary information to you when I get  
the directions from the National Committee.

Sincerely yours,

*Howard B. Kellogg*

Dear Doctor Brougher:

I was very pleased to receive your reprint on "General Infections in Pregnancy" that was reprinted from Northwest Medicine.

Your review of the general subject and the review of the maternal mortality of the nation as a whole and the state as compared to Vancouver was of particular interest. Two and a half per cent mortality is certainly an enviable record.

Kindest regards.

Very truly yours,

  
John R. Hand, M.D.
