WORLD VISION QUARTET

with
DICK BOLKS
Piano
and
Organ

The four men of the World Vision Quartet have been singing the songs of the gospel together for more than a decade and a half. First organized in 1946 as "The Four Flats" while students at George Fox College, Newberg, Oregon, they attained instant popularity with their unusually mellow harmony and appropriate actions to accompany their lively songs. As their fame spread they received lucrative offers from the entertainment world, but their decision was to serve Christ. Their decision was a happy one, for the Quartet has been called to sing in the Master's service all across America and in six nations of the Orient.

In their association with World Vision, Inc., a missionary service organization with headquarters in Pasadena, California, the Quartet have been able to emphasize the challenge of world missions. Through their ministry many have been led to volunteer for missionary service. They have also been able to raise support for orphans, lepers, tuberculars, and other needy people in many lands.

The brilliant and sympathetic work of Dick Bolks at the piano and organ enhances both the interest and inspiration of this fine album.

"MINE EYES HAVE SEEN THE GLORY"

The
MITZELFELT
CHORALE

This album is truly great — Great in its artistry — the Mitzelfelt Chorale under the inspired leadership of its conductor, Dr. H. Vincent Mitzelfelt; Great in its "sound of worship"; Great in its selection of the grand hymns of the Church; Great in its spiritual message of praise and prayer, of adoration and faith; Great in its power to stir the heart and to strengthen the faith of the Christian.

The Mitzelfelt Chorale is more than a fine choir. It can be ranked with the great choirs of this country, having the necessary ingredients of faith in God, a strong desire to sing the praises of the Lord, ability to sing well, and expert leadership. Its membership numbers well over a hundred and is drawn from the best of many choirs in the area of Los Angeles.

An album previously released by this choir provoked more spontaneous favorable comments than did all the albums released by this firm during the past ten years. A radio commentator remarked, "The program notes with the album concerning the hymns, their authors and composers, and their historical significance, alone are worth the price."
