Mrs. Ford.

Please make any suggestions, etc., and we'll try to settle on a general plan. Then I can work toward completing this as close to what we plan as possible. But there will always be changes because of scheduling difficulties. However, any general plan we settle on can be followed pretty closely at least to the amount of time we are out of this local area.

I did not include the possibility of Japan since it is so tentative. Also did not specifically provide for word recording sessions or individual showings of "Cry in the Night" by each of us. I will wait until we see how all this works out. If some looks hard to schedule we will permit WV to schedule us as individuals with the film at specific periods.

Since December is such a slack time, I don't think they would mind the two-week vacation period then plus the week in summer, but we should probably talk to them. Also, the December vacation is only a suggestion, as is the whole schedule for that matter.
