## David Rawson April 1992 Peace Negotiations

David Rawson

01 Apr 92 Kigali 01343 Negotiating Peace.

11. Mugenyi says RPF calls him everyday; asked whether to negotiate on power sharing in Jan Paris meeting. M said not to but wait for formation of multi party govt

4. AT regional com meeting in Bujumbura we recommended that:

- A. utilize crisis to encourage movement <sup>democracy</sup> ~~RPF~~ RPF  
B. tell RPF we support their democracy and ~~the~~ <sup>of</sup> equal rights goals & will hold GOR to its commitments in this area.

April 17 Press Conference We believe that the protection of refugees who return to their homes should be ~~guaranteed~~ ensured by a democratic political system that provides to every citizen equal rights and defends human rights.

We condemn any use of force to settle the problem of refugees and ask all govt. in the region to prevent any use of their territory for military action against their neighbors. Apr. 91 Buj 1570

RPF should have the right of return but not its power share as it was demanding. ... power sharing should be achieved by democracy and not by force. For this reason moving the GOR toward genuine democracy is a key element in our regional strategy. 91 Bujumbura 1680 <sup>3</sup>
