This thought-provoking book encourages Christian managers to allow grace to inform their management style. The author also makes a compelling case for a renewed emphasis on grace from the pulpit and a better understanding by clergy of the world in which the laity spends the rest of the week. Readers are challenged to walk with a new awareness of grace and with fresh inspiration to carry it with them throughout the week.

Parables and creative examples illustrate the impact of grace on human experiences, and how it can transform the workplace. "Conversation Starters," are provided to stimulate further exploration of the themes in each chapter. The book ends with practical suggestions for implementing of these ideas, helpful footnotes, and an index.

This is recommended reading for pastors who want their ministry to be more relevant to

laypeople, for managers who wish to make their management style more consistent with their faith, and readers in all walks of life who wish to see "the footsteps of grace" in their everyday lives, and experience a fresh incentive to face another Monday.
