Wilson the Last Word
in modern basketball equipment

What does fine new equipment do to a basketball team? You know – it peps them up. Give that gang a new Wilson basketball – sparkling new Wilson uniforms – and their morale and playing will zoom upward.

Wherever basketball is played the name Wilson on equipment is seen more frequently today than any

other. And that's true of other sports, too, all the way from tennis and golf to baseball, softball, football and other great American competitive sports. Wilson equipment is designed by men in tune with today's modern sports and made by skilled craftsmen. Wilson means the **LAST WORD** in modern equipment for modern play.

... the modern era

Wilson stands for the modern era in sports and in sports equipment. The Wilson saga began at the time when those interested in our sports were beginning to reach out for newer, better ways.

Wilson's entry into the sports equipment field was signalized by new, revolutionary developments. Valve inflation, which made possible controlled, uniform pressure for the first time, is typical of Wilson prog-

ress - of modern thinking - of close contact with the game and those who play it. Wilson stands for today - for what's new - for the spirit of progress. Wilson men, aided by the great stars and coaches on our Advisory Staff, have always been keyed to think in terms of new skills - new speed - new thrills in our sports.

Wilson means modern - today - **TOMORROW** - the **LAST WORD** in modern equipment for modern play.
