*A shot is an attempt that is taken with the intent of scoring and is directed toward the goal. Note: A cross is not a shot. A cross is a long kick from a wide position into the penalty area in front of the goal. The intent of a cross is to set up a scoring opportunity for an attacking player. A goalkeeper who intercepts a cross is not credited with a save. To receive a save, the goalkeeper must have stopped a ball that otherwise would have gone into the goal. Each shot results in one of five possibilities: a goal, a save, it hits the post, it is blocked by a defender, or it is high or wide.

*A shot is an attempt that is taken with the intent of scoring and is directed toward the goal. Note: A cross is not a shot. A cross is a long kick from a wide position into the penalty area in front of the goal. The intent of a cross is to set up a scoring opportunity for an attacking player. A goalkeeper who intercepts a cross is not credited with a save. To receive a save, the goalkeeper must have stopped a ball that otherwise would have gone into the goal. Each shot results in one of five possibilities: a goal, a save, it hits the post, it is blocked by a defender, or it is high or wide.

*A shot is an attempt that is taken with the intent of scoring and is directed toward the goal. Note: A cross is not a shot. A cross is a long kick from a wide position into the penalty area in front of the goal. The intent of a cross is to set up a scoring opportunity for an attacking player. A goalkeeper who intercepts a cross is not credited with a save. To receive a save, the goalkeeper must have stopped a ball that otherwise would have gone into the goal. Each shot results in one of five possibilities: a goal, a save, it hits the post, it is blocked by a defender, or it is high or wide.

*A shot is an attempt that is taken with the intent of scoring and is directed toward the goal. Note: A cross is not a shot. A cross is a long kick from a wide position into the penalty area in front of the goal. The intent of a cross is to set up a scoring opportunity for an attacking player. A goalkeeper who intercepts a cross is not credited with a save. To receive a save, the goalkeeper must have stopped a ball that otherwise would have gone into the goal. Each shot results in one of five possibilities: a goal, a save, it hits the post, it is blocked by a defender, or it is high or wide.
