ABOUT GEORGE FOX COLLEGE

George Fox College is the outgrowth of a desire by early Willamette Valley Quaker settlers who established Pacific Academy in 1885 for the Christian education of their children. The college division was organized in 1891 to provide more advanced instruction for students. In 1949, because of the many colleges in the Northwest with Pacific in their name, the College was renamed George Fox in honor of the founder of the Friends (Quaker) Church. The College is governed by a 42-member Board of Trustees elected by Northwest Yearly Meeting of Friends Church, which comprises more than 8,000 members in 58 churches in Oregon, Washington, and Idaho.

The 60-acre rural, tree-shaded campus a half-hour drive from Portland has undergone major expansion in the last nine years with nine new buildings constructed at a total investment of nearly \$10 million.

College enrollment is 575.

Accredited by the Northwest Association of Secondary and Higher Schools, the College offers 28 majors in six divisions: Education, Fine and Applied Arts, Language Arts, Natural Science, Religion, and Social Science. George Fox is one of 13 members of the national Christian College Consortium. The College has a student-faculty ratio of 13/1.

George Fox students come from 15 states and 5 foreign countries. Nearly 40 religious denominations are represented on campus.

Alumni of George Fox are primarily in service-oriented vocations of Christian ministries, education, social work, and medical fields. The College's most prominent alumnus is the late President Herbert Hoover, who attended Pacific Academy.

GFC ATHLETICS

Intercollegiate athletics is an integral part of the overall education program at George Fox. Men's varsity athletic teams represent the College in baseball, basketball, track, cross country, and soccer. Women students compete in volleyball, basketball, track, softball, and cross country.

George Fox College competes as an independent on the varsity level. Its schedules are coordinated with the Northwest Conference and with other independents in the Northwest. George Fox is a member of the National Association of Intercollegiate Athletics (NAIA), District 2, and the National Christian College Athletic Association, Region 8.

For students not participating in the varsity program, GFC has a complete intramural program including flag football, basketball, and volleyball.

Athletic facilities include the Coleman H. Wheeler Center for Sports and Physical Education; Colcord Field, which includes a football/soccer field and new all-weather rubberized track; and tennis courts. A new athletic field complex containing baseball diamond, two softball fields, soccer field, and archery range was completed in 1981.

Wheeler Center, completed in 1977 in a \$2.7 million project, includes the James and Lila Miller Gymnasium with three basketball courts and seating for up to 2,500; multipurpose, class, and weight rooms; faculty and administrative offices; handball courts; dressing and therapy rooms.

THIS IS WHERE THE GAME IS PLAYED

George Fox College is in its tenth year in the Coleman H. Wheeler Center for Sports and Physical Education. Completed in June 1977, the \$2.7 million, 55,000-square-foot complex is the College's largest building. It contains the James and Lila Miller Gymnasium, the Bruin home court.

The sports center was designed by noted architect Pietro Beluschii, with a wooded canyon setting chosen as the center's location. The building features wood products and a large window area overlooking the adjacent natural terrain.

Three times larger than Hester Gymnasium, which it replaced, the Wheeler Center features a 116 x 174-foot gymnasium with three basketball courts and seating for 2,500 spectators. The gymnasium ceilings are 32 feet over the hardwood maple floor. The gym provides three volleyball courts and ten badminton courts.

The building is entered on two levels—ground level on the east side through the nine doors for the general public and after crossing a 200-foot bridge; and on the second floor on the west side for campus personnel. There is a two-floor lobby.

Contained on the upper level are athletic administration and faculty offices, staff room, and class, weight, and multipurpose rooms. The lower level contains a concession area and ticket sales area, dressing rooms, team rooms, laundry, equipment-issuing room, and storage space. An east wing of the building houses two handball courts.

The building is named for Oregon lumberman Coleman H. Wheeler, former chairman of the board of Willamette Industries. The gymnasium is named for former GFC board member James Miller and his wife, Lila. He is the former president of Cascadia Lumber Co. The building was dedicated in 1977.

NAIA DISTRICT 2

George Fox College men's athletic teams compete in District 2 of the National Association of Intercollegiate Athletics (NAIA). Fifteen teams currently make up the district, all but two within the state of Oregon.

Members of the East Division are College of Idaho, Columbia Christian College, Concordia College, Eastern Oregon State College, George Fox College, Northwest Nazarene College, and Western Oregon State College.

West Division members are Lewis and Clark College, Linfield College, Oregon Institute of Technology, Pacific University, Southern Oregon State College, Warner Pacific College, Western Baptist College, and Willamette University.

The new alignment, established by district basketball coaches, creates a new way to reach post-season playoffs for the right to represent NAIA District 2 in the national NAIA championships.

With the changes the previous, but somewhat complicated, "Sempert System" of team evaluation is abandoned. Now, the top four teams in each division are cross-seeded with the top four from the other division. The top team in each division will play the fourth place squad in the other. Number two in one division will play number three in the other. Standings within each division will be based solely upon the record with the other teams in the division. If there is a tie, results of competition between those schools involved will be considered. If there is still a tie then overall NAIA District 2 records will be used to determine ranking. Host teams for the playoffs will be those with the best records.

George Fox College has been in the NAIA District 2 playoffs 12 of the last 16 years.

BRUINS PARTICIPATE IN NAIA

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association that administers programs leading to national championships in 11 events for nearly 500 accredited four-year colleges and universities in 32 geographical districts spread over the 50 states and Canada.

Established in 1940 as the National Association of Intercollegiate Basketball the NAIB evolved from the institution of a "National Small College Basketball Tournament" that was inaugurated in 1937. In 1952, the NAIB expanded to include tennis, outdoor track, and golf, and that year the organization was renamed the NAIA.

Since that time the NAIA has further enlarged to encompass football (two divisions were formed in 1970), cross country, baseball, and swimming, which were added to the NAIA championship program in 1956, wrestling (1958), soccer (1959), and

indoor track (1966). In August of 1980 the NAIA, after a two-year study, initiated championships for women in the newly organized NAIA Women's Division. Ten championships are offered.

NAIA national headquarters and staff are located in Kansas City, Missouri. The NAIA is governed by two bodies. The Council of Presidents, composed of one president from each district, is responsible for fiscal matters, academic standards, and supervision of the national staff. The 10-person Executive Committee, elected by the membership, is responsible for organizing championship events and overseeing the committees and associations.

Eligibility rules within the NAIA govern all play in all sports recognized by the Association, not just post-season play. All eligibility guidelines must be adhered to by all members, including those holding dual affiliation with other associations.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletic program, administered and controlled by those responsible for the administration of the college or university. The NAIA's basic premise is that the athletic program is a basic component of the overall general educational process, and not an entity apart.

Member institutions must conduct their intercollegiate athletic programs to the standards of the regulatory Association in which they hold memberships, and the NAIA. They must pay the annual membership dues and be in support of the policies of the Association. Where institutional rules and standards are more strict than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

TONIGHT'S GAME

Tonight George Fox College, the last NAIA District 2 team to fall to defeat this season, hosts Warner Pacific College, which brings a 3-2 record to Miller Gym.

GFC, now 4-1 after being upset Tuesday night at Linfield, faces a team that won its last outing, a 138-103 romp over Wasuk College of Nevada last Saturday night. The Warner Pacific Knights fell the night before to Western Baptist, to set up that matchup in the NAIA Tip-Off tourney in Monmouth.

Meantime, at the Tip-Off in Forest Grove, the Bruins were winning the championship with an 82-61 win over host Pacific University. That followed a 114-72 demolishing of Linfield as GFC set a new scoring record, topping the 113 set a year ago.

But Linfield rebounded Tuesday night at home to edge the Bruins 78-75, not gaining the lead until the final 49 seconds. George Fox led by as much as 14 points in the contest, but could not hold it and was outscored 6-0 in the final 2 minutes. GFC had a final try, however, a three-point effort that could have tied the game in the final second, but guard Brent Peterson's attempt hit the rim and off. He had connected on three of six attempts in the game.

Tonight's game is the final one before a two-week Christmas holiday layoff for GFC. George Fox and Warner Pacific have met 45 times in NAIA competition, GFC winning 30.

Bruin Coach Mark Vernon has a prediction: "It should be a high-scoring game; they are an exciting team." He says the key for a GFC win is to control center Bill Edwardson and guard/forward Jim Brinkerhoff.

GFC enters the game with five players in double-figure scoring: guard Toby Long at 14.0, forward Kenny Stone at 13.4, guard Dan Newman at 13.3, forward Eric Swanson at 13.2, and guard Brent Peterson at 11.2. GFC is outscoring opponents 86.2 to 68.6 and has a 43.3 to 32.6 rebounding edge, with Swanson averaging 9.4 a game and Stone 8.4. Stone and forward Curtis Kimbrough are the assist leaders, tied at 4.2.

ASST. COACH STEVE GRANT

Steve Grant is in his fifth year with the Bruins, being named in 1982 to the George Fox physical education teaching faculty and to serve as men's basketball assistant and head women's volleyball coach.

Grant, 39, replaced Mark Vernon as volleyball coach when Vernon stepped up to the head basketball position. The Bruin assistant is a 1969 graduate of Biola, where as a guard for the Eagles he was named Most Valuable both his junior and senior years. He then was named assistant basketball coach for two years, also assisting in soccer.

At Western Baptist College in 1981-82, Grant coached the women's basketball team and was head men's soccer coach, guiding the Warriors to an 8-4-3 mark. Grant previously was at Salem Academy for 10 years where for nine years, until 1980, he guided the basketball Crusaders. He coached varsity baseball for five seasons, then varsity women's volleyball for five years, leading Salem Academy to the playoffs each of those years.

Grant and his wife, Kathleen, live in Salem. They have two children, Jeff, 14, and Bryan, 11.

McDonalds of Newberg and McMinnville/ Newberg State Bank Halftime Shoot-out

Tonight—and every home game—the halftime will feature the McDonald's/Newberg State Bank Shoot-Out. Fans with specially marked programs will be invited to shoot from a designated location for \$10 gift certificates. All participants will receive a certificate for a free sandwich. The winners of each halftime shoot-out will meet in a final contest February 17 with the winner receiving \$250 cash! Check your program and watch for this halftime feature.

THE BRUIN NICKNAME

George Fox College is represented by the nickname and mascot "Bruin." But it's not always been so, even though it should have been.

The nickname comes from a real bear captured in 1887 just two years after Pacific Academy (the College's predecessor) was established. The small cub was captured in the coast range foothills west of Carlton when its mother was shot. The young cub was brought to campus by a student and later lived with a faculty member. When it grew to adulthood it was kept in a pit in what is now known as Hess Creek Canyon south of the campus. It escaped one too many times and was turned into steak for the dining table and the hide preserved on a frame and displayed in an early campus museum. When it deteriorated several years later, it was taken to a campus furnace room to be destroyed, but the framework proved a problem in dismantling, so it was left sitting in a corner. Students found the old Bruin skin later and began skirmishes over ownership, a tradition that continues 100 years later. "Bruin Junior," a replica, under a set of guidelines passed down for years, is fought over periodically in class competition, with the class able to physically drag the Bruin replica off campus declared the rightful owner until next "flashed."

Even with the Bruin tradition, somewhere along the line, the "Quaker" tag to athletic teams came into popularity with sports writers because of the College's church affiliation, and that nickname was used, along with a mascot "Foxy George," a little fox with a Quaker hat. Both gained acceptance for a period in the 1950s and 1960s until a vote of faculty, students, and administration in 1970 reinstated the Bruin nickname to its rightful place.

A LOOK AT THE PAST

The game of basketball was invented by Dr. James Naismith in 1891, and it took just seven years for it to be brought to George Fox College (then called Pacific College).

College board member and community leader T. W. Hester and others first saw the game played at the Portland YMCA. They were captivated by the new game and secured a ball, which they brought back to the College. The first exhibition game was played shortly thereafter, in the winter of 1898, and the first site was the third floor of the old Commercial Hotel on North Main Street because the College had no adequate space for the new sport.

The first gymnasium on the campus was the upper part of one wing of an old academy building (Hoover Hall), built in 1885 and torn down in the mid-1950s. A one-room wood gymnasium building was constructed in 1916 and served until 1946, when the College opened Hester Gymnasium, a concrete block structure built partly by student/faculty labor at a cost of \$40,000. The building, with a single hemlock playing floor and seating for 1,100, served through the 1976-77 season with opening of Wheeler Center.

College athletic affiliation in men's basketball over those years has gone from independent status to membership in the old Willamette Christian College Conference, the Metropolitan Conference, the Oregon Collegiate Conference, and back again to the present status as a major small college independent member of NAIA District 2 (joined in 1965). In 1973 George Fox was the district champion and has been in the district playoffs 12 of the last 16 years.
