Books Concerned with Christ as Prophet

JOHN H. CURTIS

Here one can read how deeply the writer of the Fourth Gospel was steeped in the “wilderness experience” and in the prophetic Mosaic tradition. It shows up in a surprising number of places in this gospel and gives particular meaning to it.

This is a thorough review of the traditions on which New Testament christology is based. Included is a very clear and illuminating presentation of Christ as prophet.

A study of the presentation of Jesus as the prophet-king in the Gospel of John. This is based in part on a review of the Jewish and non-Jewish traditions current in the first century.

Without the background material presented in this book it is nearly impossible to understand parts of the Fourth Gospel. It is sad to read of the conflict between the Hebrews and the early Christians, but knowledge of it is necessary to understand this gospel.

This is a scholarly work. In addition, the author presents his own views based on his research. The result is an impressive and very helpful book.

This is a thorough and scholarly study. The appendix, “The Eschatological Prophet,” is of particular interest.

This is the best summary for a reader who expects to read just one book.
